USF India Adolescent HIV/AIDS Research Training

Description, Eligibility Criteria and Instructions Short-Term Training Scholarship

Indian physicians affiliated with the USF AITRP program are encouraged to apply for the USF-India Program in Adolescent HIV/AIDS Research Training Program -sponsored short-term training. All short-term training must fit with program goals to develop and implement outstanding research training addressing the adolescent HIV agenda through collaborative, multidisciplinary education in research and care. Short-term training programs may be conducted in the US or India, based on program needs. Prospective trainees must have a clear plan and goals for this training.

PERSONAL INFORMATION

Name (Last, First, Middle): _____

Former Name(s), if any: _____

Date of Birth (month/day/year): _____

Current Address: _____

Citizenship: _____

Country of Permanent Residence: _____

Home Phone: _____

Work Phone: _____

Mobile Phone: _____

Email Address: _____

PROFESSIONAL & ACADEMIC INFORMATION

Title of Present Position: _____

Academic Institution/Department or Employer: _____

How are you affiliated with our program? (Or how did you learn about our program)?

1. Are you applying for short-term training in the US or in India? _____

2. What general area of training do you wish to pursue?

_____ Laboratory

_____ Grantwriting & proposal writing

_____ Data analysis

_____ Quantitative study design

_____ Qualitative study design

_____ Ethical & regulatory issues, human subjects protection, institutional review board

_____ Program management (post-award management)

_____ Other _____

3. Please explain in detail what you wish to accomplish during your short-term training. Please describe the research you plan to work on while in the US. Please include specific information about data you have collected or analyzed, any publications you are writing, or any grant applications you are writing. How will coming to the US for short-term training help you accomplish your research goals?

4. Explain how you plan to implement knowledge and skills gained through this training program towards USF AITRP goals

5. (Optional) Please list any specific scientists, researchers, educators or others at the training site with whom you wish to work. Also indicate that person's specific skills you wish to learn.

6. Which times would be best for you to complete this short-term training (depending on the specific activities pursued, trainees should be willing to devote 1 to 4 weeks for training).

Year(s) _____ Month(s) _____
Are there any times you are not available? _____

Approval of this training application is not a guarantee of funding. Funding for travel and lodging will be considered separately. The trainee or trainee institution may be requested to contribute funding for this project as well.

Please allow 6 to 8 weeks for review of your application. Applications must be submitted at least 4 months in advance of the anticipated training program. This application and all supporting materials must be submitted to Nicole Crawford. One letter of recommendation from a supervisor or professional peer should be sent directly to Nicole Crawford (recommendations sent from the applicant will be returned).

Supporting documents:

Application

Any documents related to current or proposed research projects while in the US

Current curriculum vitae

Letter of recommendation
