

MEMORANDUM

TO: Surgery Residents and Division of General Surgery Faculty and Fellows
FROM: Alexander S. Rosemurgy, MD
DATE: 8/29/05
RE: USF General Surgery Journal Club

The 2005-2006 USF General Surgery Journal Club schedule follows. **ALL SURGICAL RESIDENTS ARE EXPECTED TO ATTEND THESE MEETINGS.** The focus of the Journal Club is to have residents present papers of their own selection, focusing on the topics assigned. To help objectively define the quality of the papers, papers will be reviewed and presented utilizing the **attached scoring and grading sheet** (also on the department web site). Each meeting will have two faculty attendings who will moderate the reviews and presentations. Dinner will be provided thanks to our program sponsor, Julie Sakre with Wyeth Pharmaceuticals.

All papers selected for presentation must have prior approval by the chief resident assigned to that session. The chief will guide and mentor the junior resident. **ASSIGNED RESIDENTS MUST PROVIDE COPIES OF THE PAPERS TO JOURNAL CLUB PARTICIPANTS AT LEAST 2 WEEKS PRIOR TO THE JOURNAL CLUB.** Presentations are limited to five minutes, discussion follows. If you cannot present on the date assigned, coordinate a switch with one of the other residents on the schedule and inform Janna Harton (jharton1@hsc.usf.edu).
