

A Message from the Chairman

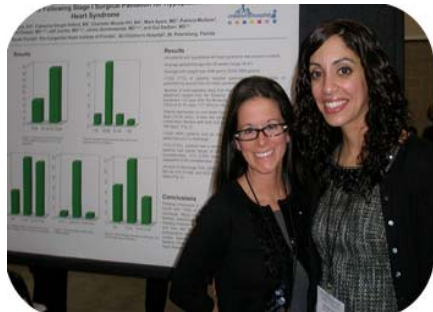

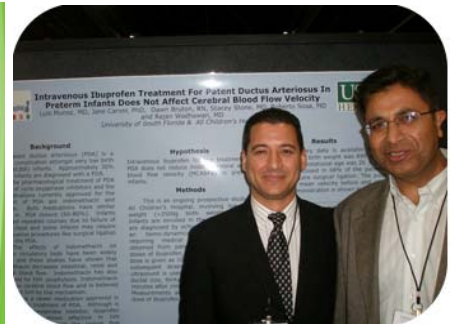

It has been the usual rollercoaster ride in the Chair's office this month. State budget news has been disastrous, but the Medical School graduation was uplifting as usual. The commencement speaker was Dr. Perri Klass, a pediatrician and writer well-known for her involvement with Reach Out and Read, a national childhood literacy program that works through doctors and nurses to encourage parents to read aloud to young children.

The Faculty lost the annual resident/faculty softball game, but the Nephrology Division demonstrated they could fall all over each other and still catch the ball. Olivia and Andrew Saltzman, children of Laura Haubner, showed the younger generation really is better than even the residents.

The weather in Vancouver, BC was cold and wet, however USF faculty and residents shined at the PAS Conference. Please note the special Grand Rounds on June 24 when Dr. Klasko Senior VP Health and Dean of the COM will talk on the "Future of USF Health".

Spotlight— Pediatric Academic Societies (PAS)

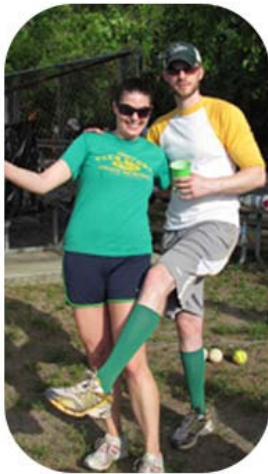

Many of our faculty and residents attended the PAS annual meeting held in Vancouver, Canada from May 1 - 4, 2010. To view conference video click on the following link: <http://www.youtube.com/watch?v=H9C5qgd8pKU&feature=email>

Softball Game– Faculty vs Residents

The annual Softball Showdown was on May 15, 2010. The event was a success and lots of fun as family and friends joined to cheer for their team! It was a close game, but the residents came back from 8-11 deficit in the last inning to take the win!!

New Awards

Dr. Kirsti Linask received a twelve-month (7/1/10-6/30/11) award from the Suncoast Cardiovascular Research and Education Foundation titled, *Validation of Folate Responsive Genes in Cardiac Development*.

Dr. Barry B. Bercu is a Co-Investigator in Dr. Ben Djulbegovic's two year (2010-2012) award from Florida Department of Health Bankhead-Coley titled, *When are Clinical Trials Ethical for Both Future and Study Patients?*

Walk Now for Autism Speaks

Members of the Rothman Center for Pediatric Neuropsychiatry attended the Walk Now for Autism Speaks fundraising event on Saturday, May 1, 2010 located in North Straub Park in St. Petersburg, FL.

The event was powered by families of loved ones with autism spectrum conditions and hundreds of volunteers.

This annual event not only generates vital funds for autism research but also raises awareness on the increasing prevalence of autism and the need for increased research funding.

The Rothman Team raised nearly \$2000 and had over 30 team members. To date, \$160,000 has been

raised by supporters of the Tampa Walk Now for Autism Speaks.

Accomplishments

Dr. Alfonso Campos was selected by the regional councilor and approved by the OPTN/UNOS President Elect to serve as the Region 3 Representative on the OPTN/UNOS Pediatric Transplantation Committee. His term on the Committee will begin July 1, 2010 and end June 30, 2012.

Fourth Year Medical Student Awards

Gwennaelle Wilson received the Florida Chapter of the AAP Award for excellence in pediatrics and leadership. She will be doing her residency program at the Boston Children Hospital and we wish her much success.

Melinda Shivers received the Lou Barness Award for excellence in pediatrics and humanism. She will be doing her residency program here at USF and we are very excited to have her.

Charlotte Woods-Hill received the Department of Pediatrics Award for excellence in pediatrics and academic achievement. She will be doing her residency program at the Boston Children Hospital and we wish her much success.

Dean, USF College of Medicine

Announcements

The new Neurodevelopmental Medicine Program held its first clinic on April 24th at South Tampa Campus. The program's mission is to provide multidisciplinary care to children and families struggling with complex medical, neurodevelopment, behavioral and learning problems through family therapy, community outreach, education, research and healthcare. To learn more about the program, contact Dr. Sally Coover, Program Director (scoover@health.usf.edu).
