

**Report for Faculty Council
Academic Performance Review Committee
Academic Year 2006-2007**

The Academic Performance Review Committee (APRC) met 18 times during academic 2006-07 in regularly scheduled or special meetings. During that period there were 57 students reviewed by the committee. The APRC dismissed 5 students during the academic year and all 5 students appealed those decisions. Two of those decisions were reversed by the APRC, 1 was reversed by Dr. Klasko following the recommendation of his designated appeals committee and 2 were upheld through all appeals. There were an additional 7 appeals of committee decisions including the need to repeat the year, repeat a clerkship or to be placed on probation. Six of the 7 appeals were upheld by APRC and the seventh was reversed by the committee.

Actions of the committee included review of and recommendation of actions for failing academic performance, overall weak academic performance, USMLE exam failure, and disciplinary actions related to issues of unprofessional behavior. Twenty four students were placed on academic probation during the course of the year.

In addition, the APRC recommended to Dean Klasko, all students in good standing for promotion to years 2, 3 and 4 and 116 members of the Class of 2007 for graduation.

Respectfully Submitted,

Bryan A. Bognar, M.D.
