Solutions that simplify clinical & claims management

NCG Medical’s eSuite is an integrated clinical hub connecting payers, physicians, and pharmacies to Perfect Care® through one of the most comprehensive, claims and clinical management solutions available. This simple, but powerful module saves time and money through flexible, efficient electronic claims, eligibility verification, prescribing, lab ordering, meaningful use data capture and reports management. Fast, accurate and highly secure, eSuite is integrated in Perfect Care®, blends seamlessly with the way you work and takes an integrated approach to electronic health records and medical electronic claims processing to offer comprehensive administrative and clinical transaction management. NCG Medical eSuite improves physician practice cash flow with services that enhance productivity while providing certified technology for the meaningful use of electronic health records:

The eSuite allows providers to:
- Use a government certified technology that meets meaningful use criteria and will help them qualify for stimulus funds
- Simplify Electronic Prescribing, Computerized Physician Order Entry (CPOE) and electronic results
- Real-time Eligibility provides quick confirmation of patient insurance and benefit coverage, reducing the likelihood of bad debt.
- Streamline clinical messaging among physicians, hospitals, and labs

The real winners are your patients
Simplifying communications and EHR implementation helps your practice grow and thrive, but the real winners are your patients. NCG Medical designed eSuite to simplify EHR and improve the quality of healthcare of your patients. Improved communications, fewer errors and more accurate patient information simply lead to safer and better healthcare.
