About the USF Health Byrd Alzheimer's Institute

The USF Health Byrd Alzheimer's Institute is a vertically integrated, family-focused facility dedicated to the prevention, diagnosis, care and treatment of Alzheimer's disease and related disorders. In more than 100,000 square feet over six floors, researchers, doctors, clinicians and educators provide diagnostic evaluations and patient care, conduct laboratory research and clinical trials, support family caregivers, and provide education and training for healthcare professionals, service providers and students. For more information, contact us at (813) 396-0606 or visit <http://health.usf.edu/byrd>.
