**THE NATIONAL HEALTH PLAN COLLABORATIVE TOOLKIT**<http://www.rwif.org/qualityequality/product.jsp?id=33960>

The National Health Plan Collaborative has created this toolkit of resources, lessons, best practices and case studies to help other health plans join the effort to reduce disparities. The toolkit shares what the Collaborative's members have done to develop and test new methods of measuring and addressing racial and ethnic disparities so that other health care decision-makers and leaders can learn from this work, implement these best practices and make the case for addressing the unacceptable differences in health care and health outcomes for health plan members throughout the country.

**THE NIA CLINICAL RESEARCH STUDY INVESTIGATOR'S TOOLBOX**<http://www.nia.nih.gov/ResearchInformation/CTtoolbox/>

The purpose of the NIA Clinical Research Study Investigator's Toolbox is to provide a Web-based information repository for investigators and staff involved in clinical research. The Toolbox contains templates, sample forms, guidelines, regulations and information materials to assist investigators in the development and conduct of high quality clinical research studies.

**COMPENDIUM OF PRIMERS**[http://www.acponline.org/clinical\\_information/journals\\_publications/ecp/primers/ecp.primers.pdf](http://www.acponline.org/clinical_information/journals_publications/ecp/primers/ecp.primers.pdf)

(*Effective Clinical Practice*, May/June 2000, Volume 3, Number 3) that includes: Evaluating Statistics, Evaluating Study Designs, and Special Topics

**RePORT Expenditures and Results (RePORTER)** is the new NIH query tool. <http://projectreporter.nih.gov/reporter.cfm> It provides:
