SOCIAL MARKETING at the UNIVERSITY OF SOUTH FLORIDA A COMPREHENSIVE EDUCATIONAL COOPERATIVE

The University of South Florida, provides the only comprehensive social marketing operation where students and professionals can access a robust program of social marketing training, education, technical assistance, and practice within a single institution.

We welcome you to join us in this exciting work of influencing social change.

*****

The Florida Prevention Research Center and Community Based Prevention Marketing

The Florida Prevention Research Center focus is on Community-Based Prevention Marketing (CBPM): Building Local Capacity for Disease Prevention and Health Promotion. Community-Based Prevention Marketing is a community directed social change process that applies marketing theories and techniques to design, implement and evaluate health promotion and disease prevention programs and policies.
