- Academic Common Market:
<http://www.sreb.org/programs/acm/acmindex.asp> - This is not a USF webpage.
The Academic Common Market (ACM) is a tuition-savings program for college students in the 16 Southern Regional Education Board (SREB) member states who want to pursue degrees in fields that are not offered by their in-state institutions. These students enroll in out-of-state universities that offer the specialized degree programs, and they pay only the in-state tuition rates. Students in this program must be a resident of the SREB member state and be admitted unconditionally into an out-of-state degree program that is listed in the Academic Common Market Inventory. For a list of participating SREB member states and to view the ACM inventory, see their website listed above.

For more information and to see a list of countries, go to <http://web.usf.edu/iac/institutes.html>.

Foundation Graduate and Presidential Doctoral Fellowships

The USF Foundation established these fellowships to enhance selected areas of interdisciplinary strength. Foundation Fellowships will provide an annual stipend of \$20,000; provide full tuition, fees, and health insurance, and be renewable for up to 5 years. Please note: These tend to be awarded to students who demonstrate an outstanding potential for research. This award is highly competitive based on GRE and GPA as well as departmental recommendation. There is no application form; nominations are made by College departments. These are intended for new, incoming doctoral students. Please go to <http://www.grad.usf.edu/fellowship.asp>.

FPHA Scholarships

Florida Public Health Association accepts applications/nominations for FPHA Scholarships \$500 for MPH or MSPH candidates and \$300 for other health fields. Letters should include: present position, future goals and ambitions, and be FPHA members. For more information go to www.fpha.org.

Gates Millennium Scholars program

The Gates Millennium Scholars (GMS), funded by a grant from the Bill & Melinda Gates Foundation, was established in 1999 to provide outstanding African American, American Indian/Alaska Natives, Asian Pacific Islander Americans, and Hispanic American students with an opportunity to complete an undergraduate college education, in all discipline areas and a graduate education for those students pursuing studies in mathematics, science, engineering, education, library science, or public health. The goal of GMS is to promote academic excellence and to provide an opportunity for thousands of outstanding students with significant financial need to reach their fullest potential.

The Bill & Melinda Gates Foundation established the initiative to encourage and support students to complete college and continue on to earn master's and doctoral degrees in disciplines in which their ethnic and racial groups are currently underrepresented. The Gates Millennium Scholars award will enable young Americans to attend undergraduate and graduate institutions of their choice and be prepared to assume important roles as leaders in their professions and in their communities. For more information go to: <http://www.gmsp.org/wkffytuk2kc4wf55urxyazzm/default.aspx>

Graduate Assistantships

Graduate assistants may perform research, teaching functions, assist in the production seminars and workshops, or other work related to their specific disciplines. Graduate assistants are paid a biweekly stipend and may qualify to receive in-state tuition waivers. Assistantships are awarded on a competitive basis. Students must have a GPA of 3.0 or better in their upper division coursework, must be degree-seeking and enrolled full time. Positions are posted at <http://health.usf.edu/publichealth/jobpostings.html>.

Graduate Educational Opportunity Grants (GEOG)

For full-time, degree seeking African American graduate students at USF. Candidates can be nominated by the Office of Graduate Studies, their respective departments, college or advisors, or can apply directly to the program. The awardee is granted a stipend of up to \$3500 for the Fall and Spring semesters only (\$7000 annually). In addition for each semester the full \$3500 stipend is awarded, the student will be eligible for a tuition waiver of 9 hours. Student fees are not included in the waiver. A maximum of 4 semesters of Fellowship support may be provided to students at the master's level and up to 6 semesters at the doctoral level. The recipient must enroll in and complete at least 9 credit hours per semester. **The GEOG is not available for the Summer semester.** Continuation of the award is based upon availability of funds and satisfactory academic performance of the student. For more information, contact Graduate Studies at 813-974-2846 or go to http://www.grad.usf.edu/fellowship_GEOG.asp.

Industrial Hygiene/Safety Management program. The traineeship award includes a tuition waiver for nine credits per semester as well as a stipend. For details, contact afoster@hsc.usf.edu or call the Department of Environmental and Occupational Health at 813-974-3144.

Richard F. Pride Research Fellowship

Established by the Research Council of the University of South Florida (USF), this Fellowship is designed to address the under-representation of minorities in the state's colleges and universities by providing highly qualified candidates with the opportunity to engage in advanced study leading to the Doctor of Philosophy degree at USF. It is offered on a competitive basis to individuals who are citizens of the U.S. While members of all minority groups are invited to apply, special consideration will be given to African Americans. It will provide an annual stipend of \$20,000 for up to four (4) calendar years and will also grant tuition waivers for up to nine (9) credit hours for the Fall and Spring semesters. Fellowship recipients will be expected to establish in-state residency by the end of the first year. If in-state residency is not established, the recipient will be responsible for paying the out-of-state portion of their fees. For more information go to <http://isis.fastmail.usf.edu/ibl/pride.htm>.

Summer Program for Minority Graduate Students

This program is designed to attract and help prepare beginning minority graduate students for study at the University of South Florida. Candidates are nominated by their departments or can apply directly to the program. The awardee is granted a stipend of up to \$1300 for the summer session, must enroll in at least one summer graduate course, and is required to attend weekly workshop sessions involving all aspects of graduate education (about 6 weeks during the summer semester—once per week, sessions are one and one-half to two hours in length). Information is available from the Graduate Studies, 813-974-2846 or consult http://www.grad.usf.edu/fellowship_SUS.asp.

U.S. Public Health Traineeships

The College of Public Health cooperates with the US Public Health Service in offering traineeships to our students. The traineeship award includes a tuition waiver for nine semester hours as well as a stipend for full-time students; part-time students may be eligible for tuition waiver only. The availability of traineeships is entirely dependent on the receipt of federal funds. Awards are made by the Departments to Epidemiology, Biostatistics, Maternal and Child Health, Public Health Education, Environmental Health, Public Health Practice, and Toxicology students. Applicants must be U.S. citizens or permanent residents. Departments award Traineeships each fall.

University Graduate Fellowship (UGF)

The UGF awards are awarded to new doctoral students who demonstrate great potential for success in the College. Departments make the final selection of students. The UGF award must be for a minimum of \$7000 (\$3500 in the fall and \$3500 in the spring) and includes tuition waivers. These awards are contingent upon the awardees being in good academic standing and enrolled fulltime.
