

College Wide Student Affairs Committee Meeting
February 6, 2003
2pm-3pm
CFH Conference Room

Meeting Minutes:

Committee Members Present: Drs. Ann Abbott, Noreen Poor, Skai Schwart, Suzanne Perry-Casler and student representative Andrea Thomas

Guests Present: Magdalene Argiry, June Lake and Dr. Rony Francois

1. Dr. Rony Francois presented two masters applications for the committee to review and to determine acceptance into the Practice Program, COPH under the 10% acceptance rule. The committee unanimously recommended that the two students be admitted into the program.
2. It was proposed that the college wide SAC accept charge of coordinating admissions for college wide degree programs: Global Health Program and Practice Program. The committee decided to table this request until the next SAC meeting. Magdalene and June stated that the Global Health Program is still under review and pertinent information needed to make this decision will be available soon.
3. Magdalene proposed that the Summer Graduation Reception be combined with the Fall Graduation Reception. During the summer several faculty are not on campus and several students have already moved on. Therefore, attendance is low. Second, from an economic perspective the receptions cost around \$500 – 600 to host and it would be more cost efficient to combine the two receptions.
4. June Lake reported to the committee that she will be attending at least one meeting of each department SAC meeting this semester. So chairs are to place June on their email announcements of upcoming meetings.
5. The next Spring Semester meeting is March 27, 03; 2-3pm; CFH Conference Room.
