

Educational Outcomes Committee Meeting  
April 29, 2008  
Meeting Minutes

Present: Drs. Abbott, Cattani, Corvin, Dagne, Liller, Marhefka, Mlynarek, Sanchez-Anguiano

Ad hoc members: Barbara Kennedy, Michele Sebti

Meeting called to order at 10:10 am.

1. December 5, 2007 meeting notes approved as submitted.
2. Results of the Spring 2008 core exam were discussed. The score reports were explained to the new EOC members.

The information provided on the COPH core exam web site will no longer include the videos and handouts (except for the Biostatistics link which will still be available to those taking the exam).

The ASPH certification exam was also discussed. A review book is available for the exam based on the competencies. Another review book is due out in August published out of Seattle.

3. Results from the recommendation members made to their departments' faculty on making the capstone course mandatory for all students were discussed.

It was noted that the capstone course is a way for students to become exposed to the ASPH interdisciplinary competencies. If the capstone course becomes mandatory, it will increase the number of credits in each program. The 42 minimum credit hour requirement we currently have in each program is still low for a MPH

Next meeting: July 15 at 10:00 a.m.

Meeting adjourned at 11:15.
