

Date: 2/6/2006

>>Calls for Proposals

New This Week!**“The Public’s Health and the Law in the 21st Century: Fifth Annual Partnership Conference,” Call for Student Abstracts – Due March 1, 2006**

The Public Health Law Association, the Centers for Disease Control and Prevention’s (CDC) Public Health Law Program and the American Society of Law, Medicine and Ethics are convening “The Public’s Health and the Law in the 21st Century: The Fifth Annual Partnership Conference.” Abstracts should be sent to abstracts2006@phla.info and must be received by Wednesday, March 1. For instructions on submission, or more information, visit <http://www.phla.info/>. Questions should be directed to Jean O’Connor at joconnor@phla.info. From ASPH Friday Letter #1398.

CDC: Development and Testing of New Medications for Treatment of Emerging Infectious Diseases Grant – Due March 17, 2006

CDC’s Procurement and Grants Office has published a funding opportunity announcement titled, “Development and Testing of New Medications for Treatment of Emerging Infectious Diseases.” For complete funding details, visit [here](#). From ASPH Friday Letter #1398.

CDC: Urban Partnership Academic Centers of Excellence Grant – Due March 30, 2006

The National Center for Injury Prevention and Control (NCIPC) is soliciting research applications to establish two Urban Partnership Academic Centers of Excellence (U-PACE), one serving a high-risk community in Philadelphia and the other serving a high-risk community in a city not currently being served by CDC’s National ACE Program on Youth Violence. For complete program details, visit [here](#). From ASPH Friday Letter #1398.

Journal of Health Care for the Poor and Underserved Call for Papers on Hurricanes Katrina, Rita, Wilma – Due September 1, 2006

The *Journal of Health Care for the Poor and Underserved* has issued a call for papers that address the effects of Hurricanes Katrina, Rita and Wilma on low-income residents of New Orleans and the Gulf Coast. Questions should be directed to JournalQuestion@mmc.edu and submissions can be sent to JournalSubmission@mmc.edu. From ASPH Friday Letter #1398.

From Previous Weeks!**HHS: CDC Emerging Infections Sentinel Network (EISN) Research Grant – Due February 10, 2006**

The Centers for Disease Control and Prevention has published a new funding opportunity titled, “Emerging Infections Sentinel Network (EISN) Research.” For complete program details, see the full announcement at <http://www.cdc.gov/od/pgo/funding/C106-002.htm>. From ASPH Friday Letter #1394.

USDA's Cooperative State Research, Education and Extension Service Grant Opportunity – Due February 13, 2006

The Department of Agriculture's Office of Faith-Based and Community Initiatives has announced a new grant opportunity available through USDA's Cooperative State Research, Education and Extension Service (CSREES). For more information on this grant opportunity, visit [here](#). From ASPH Friday Letter #1397.

"D.A.R.E. America" Announces Action Research Projects – Due February 13, 2006

The nationally known drug prevention education program, D.A.R.E., is announcing an RFP that targets the creation of small Action Research Projects for interested graduate students and faculty. For more information, visit <http://www.dare.com/> and select the Action Research Project heading which contains both the RFP and an application form. All proposals must be submitted by Friday, February 3, and applicants will be notified of results by Wednesday, February 22. From ASPH Friday Letter #1395.

CDC: Enhanced HIV/AIDS Surveillance for Perinatal Prevention Grant – Due February 13, 2006

The purpose of this program is to provide funds to target and follow the process toward maximal reduction of perinatal HIV transmission. For complete program details, please see the full announcement on the CDC Web site at <http://www.cdc.gov/od/pgo/funding/grantmain.htm>. For additional information on Healthy Eating Research and this funding opportunity, please visit <http://www.healthyeatingresearch.org/>. From ASPH Friday Letter #1392.

HRSA: Maternal and Child Health Long Term Training - Due February 13, 2006

The purpose of the Maternal and Child Health Leadership Education in Neurodevelopmental and Other Related Disabilities (LEND) program is to improve the health of infants, children and adolescents who have, or are at risk for developing, neurodevelopmental and other related disabilities by preparing trainees from a wide variety of professional disciplines to assume leadership roles and to ensure high levels of interdisciplinary clinical competence. A letter of intent is due Friday, January 6, 2006 and the full application is due Monday, February 13, 2006. For complete details, visit [here](#). From ASPH Friday Letter #1391

Call for Abstracts: 2006 APHA Annual Meeting – Due February 13-17, 2006

Public health professionals interested in presenting research at this year's APHA Annual Meeting in Boston, Nov. 4-8, can begin submitting abstracts. Final deadlines for submission depend on which Section, SPIG, Caucus or Assembly abstracts are submitted to, but the deadlines will fall between Feb. 13-17. To submit an abstract or for more information, visit www.apha.org/meetings or e-mail conventions@apha.org. From APHA Member News, January 2006.

CDC: Enhancing State Capacity to Address Child and Adolescent Health through Violence Prevention – Due February 14, 2006

The Centers for Disease Control and Prevention announces the availability of fiscal year (FY) 2006 funds to assist state health departments in taking a leadership role by applying public health approaches to prevent the perpetration of violence toward or among children and adolescents. For more information, visit <http://www.cdc.gov/od/pgo/funding/CE06-604.htm>. From ASPH Friday Letter #1393.

CDC: Coordinating Center for National Academic Centers for Excellence on Youth Violence Prevention – Due February 14, 2006

The Centers for Disease Control and Prevention announces the availability of fiscal year (FY) 2006 funds to establish a Coordinating Center for the National Academic Centers of Excellence (ACE) on Youth Violence. For more information, visit <http://www.cdc.gov/od/pgo/funding/CE06-602.htm>. From ASPH Friday Letter #1393.

NIH: Training for a New Interdisciplinary Research Workforce - Due February 14, 2006

The National Institutes of Health (NIH) invites applications for developing and implementing novel training programs focused on interdisciplinary science, for the purpose of working toward the goal of catalyzing the production of a scientific workforce capable of integrative research crossing traditional disciplinary boundaries. For more information, visit <http://grants.nih.gov/grants/guide/rfa-files/RFA-RM-06-006.html>. From ASPH Friday Letter #1392.

Genetic Alliance Call for Abstracts for 2006 Annual Conference – Due February 17, 2006

Genetic Alliance invites members to submit abstracts for workshops at the 2006 Annual Conference. Abstracts will be accepted which are relevant to genetics in any of these four tracks: information and education, public policy, services, or research. Sessions are 90 minutes in length, and are presented on either Saturday, July 29 or Sunday, 30. Abstracts should be sent to Ms. Hanaa Rifaey, outreach manager at hrifaey@geneticalliance.org by Friday, February 17. Applicants will be notified of the decision by the review committee by Wednesday, March 1. Questions should be directed to Ms. Rifaey at hrifaey@geneticalliance.org or (202) 966-5557 ext. 203. From ASPH Friday Letter #1397.

Mickey Leland National Urban Air Toxics Research Center Request for Applications -Due February 21, 2006

The Mickey Leland National Urban Air Toxics Research Center (NUATRC) is soliciting research applications under its request for application (RFA 2006-01) for hypothesis-driven, short-term research studies that examine, among individuals in a defined subpopulation of the National Health and Nutrition and Examination Survey (NHANES) population, potential associations between personal exposures to selected air toxics and individual characteristics or activities. A full-text copy of the RFA can be downloaded [here](#). From ASPH Friday Letter #1394.

Studies to Understand Transmissibility of Influenza Viruses in Mammalian Species – Due February 22, 2006

The purpose of this Request for Application (RFA) is to support research to better understand the transmissibility of influenza viruses, particularly avian viruses to mammalian species. It is anticipated that two awards may be funded at a total cost of \$300,000 each including direct and indirect costs with a ceiling award range of \$300,000 including direct and indirect costs with an anticipated start date of July 2006. For complete program details, please see the full announcement on the CDC website at <http://grants.nih.gov/grants/guide/rfa-files/RFA-CI-06-004.html>. From ASPH Friday Letter #1394.

ASPH Announces Call for 2006 Award for Student Excellence in Public Health Practice – Due February 24, 2006

ASPH is requesting nominations for up to two masters and/or doctoral students from each of the 37 member schools of public health for the *ASPH Award for Student Excellence in Public Health Practice*. The award will be presented at the 2006 ASPH Annual Meeting and the recipient will receive a cash prize of \$1,000. To obtain a copy of the application and guidelines, visit the ASPH Web site at <http://www.asph.org/document.cfm?page=764>. For more information and to nominate a student, please contact Ms. Erin Williams at ewilliams@asph.org

NIH: The Obese and Diabetic Intrauterine Environment: Long-term Metabolic or Cardiovascular Consequences in the Offspring - LOI due February 26, 2006

For full details visit <http://grants.nih.gov/grants/guide/rfa-files/RFA-DK-05-014.html>. From ASPH Friday Letter #1379.

NIH: Planning Grants for Institutional Clinical and Translational Science Awards – Due February 27, 2006

The "Planning Grants for Institutional Clinical and Translational Science Awards" RFA invites applications to support planning activities to design Institutional Clinical and Translational Science Award (CTSA) programs. For more information visit, <http://grants2.nih.gov/grants/guide/rfa-files/RFA-RM-06-001.html> From ASPH Friday Letter #1382.

NIH: Institutional Clinical and Translational Science Awards – Due February 27, 2006

Letters of intent are due on February 27, 2006 and applications are due on March 27, 2006. The NIH plans to provide approximately \$30 million for this initiative in FY 2006 and utilize the U54 Cooperative Agreement mechanism. For more information visit, <http://grants2.nih.gov/grants/guide/rfa-files/RFA-RM-06-002.html>. From ASPH Friday Letter #1382.

2006 Public Health Systems Research Interest Group Meeting: Call for Panels – Due March 1, 2006

The Public Health Systems Research Interest Group (PHSR IG) Meeting on scheduled for Tuesday, June 27 will be held in conjunction with the 2006 AcademyHealth Annual Research Meeting. Abstract submissions to the Public Health Systems Research Interest Group Meeting Call for Panels are due Wednesday, **March 1, 2006**.

More information can be found at:

<http://www.magnetmail1.net/ls.cfm?r=22048927&sid=816660&m=143771&u=AcadHealth&s=http://www.academyhealth.org>. From ASPH Friday Letter #1392.

Translating Research into Practice and Policy 2006 Conference Call for Abstracts – Due March 3, 2006

The Translating Research into Practice and Policy (TRIPP) 2006 Conference's call for abstracts is now open for submissions. Abstracts should be submitted electronically by completing the on-line submission form located [here](#). From ASPH Friday Letter #1397.

USDA's Natural Resources Conservation Service Grant Opportunity – March 7, 2006

The Department of Agriculture's Office of Faith-Based and Community Initiatives has announced a new grant opportunity available through the USDA's Natural Resources Conservation Service (NRCS). For more information on this grant opportunity including an application, visit

<http://www.nrcs.usda.gov/programs/ccpi/>. From ASPH Friday Letter #1397.

RWJF Launches Healthy Eating Research Program Call for Proposals – Due March 7

The Robert Wood Johnson Foundation is pleased to announce the launch of Healthy Eating Research, an \$11-million national program that will support research to identify, analyze and evaluate environmental and policy strategies that can promote healthy eating and prevent obesity among children. The program's first call for proposals focuses on school food policies and environments and is available at www.rwjf.org/cfp/her.

From ASPH Friday Letter #1393.

Meatless Monday Health Scholars Grant Program – Due March 10, 2006

The Meatless Monday Campaign, Inc. has announced its fourth annual call for health communications graduate student proposals. The awards are for one year of support, beginning approximately Saturday, July 1, 2006. The deadline for submission of proposals is Friday, March 10, 2006. Proposals should be sent to Ms. Janna Howley at jhowley@jhsph.edu. The request for proposals is available online at

www.jhsph.edu/clf. From ASPH Friday Letter #1392.

NIH: Community-Responsive Interventions to Reduce Cardiovascular Risk in American Indians and Alaska Natives - Due March 10, 2006

The National Heart, Lung and Blood Institute (NHLBI) invites applications for cooperative agreements to conduct five-year studies in American Indian/Alaskan Native (AI/AN) communities to test the effectiveness of behavioral interventions to promote the adoption of healthy lifestyles and/or improve behaviors related to cardiovascular (CV) risk, such as weight reduction, regular physical activity and smoking cessation. For complete details, visit <http://grants.nih.gov/grants/guide/rfa-files/RFA-HL-06-002.html>. From ASPH Friday Letter #1390.

2006 Samuel J. Crumbine Award for Excellence in Food Protection at the Local Level – Due March 15, 2006

The Foodservice and Packaging Institute, Inc. (FPI) is accepting applications for the 2006 Samuel J. Crumbine Award for Excellence in Food Protection at the Local Level. The entry deadline is Friday, March 15. More details are available at <http://www.fpi.org/>, in the "award programs" section. Questions can be directed to Ms. Lynn Dyer at (703) 538-2800 or ldyer@fpi.org. From ASPH Friday Letter #1397.

NIH: Environmental Health Sciences Core Center Grants - Due March 15, 2006

The National Institute of Environmental Health Sciences (NIEHS) invites applications from qualified institutions for support of Environmental Health Sciences (EHS) Core Centers. A letter of intent is due February 15, 2006 and the application is due March 15, 2006. For full details visit <http://grants2.nih.gov/grants/guide/rfa-files/RFA-ES-05-008.html>. From ASPH Friday Letter #1382.

HHS: Institutional Grants for Research Training in Biomedical Informatics Grant – Due March 18, 2006

The National Library of Medicine is inviting training grant applications in a single competition for support of predoctoral and postdoctoral training programs in biomedical informatics. For complete details, please see the full announcement on the NIH website at: <http://grants.nih.gov/grants/guide/rfa-files/RFA-LM-06-001.html>. From ASPH Friday Letter #1395.

Planning Grants for Institutional Clinical and Translational Science Award – March 27, 2006

If you wish to participate via videoconference, E-mail Mr. John Heckler at hecklerj@mail.nih.gov. Those who wish to view the workshop via Web cast/videocast may access the workshop on December 7 at <http://videocast.nih.gov/>. For more information, visit <http://grants.nih.gov/grants/guide/rfa-files/RFA-RM-06-001.html>. From ASPH Friday Letter #1388.

Institutional Clinical and Translational Science Award (CTSA) –March 27, 2006

For more information, visit <http://grants.nih.gov/grants/guide/rfa-files/RFA-RM-06-002.html>. From ASPH Friday Letter #1388.

Call for Applications for Investigator Awards in Health Policy Research – Due March 29, 2006

The Robert Wood Johnson Foundation has announced it is accepting applications for the 2006 Investigator Awards in Health Policy Research. Grants of up to \$275,000 are awarded to investigators from a variety of disciplines. Successful proposals combine creative and conceptual thinking with innovative approaches to critical health problems and policy issues. The complete call for applications is available [here](#). From ASPH Friday Letter #1397.

American Legacy Foundation Alma S. Adams Scholarship Fund – Due March 31, 2006

The American Legacy Foundation is proud to announce a new scholarship fund in honor of its board member Dr. Alma S. Adams, as an expression of gratitude for her six years of dedicated service and leadership. More information about the scholarship may be obtained from the Legacy Web site at www.americanlegacy.org. From ASPH Friday Letter #1395.

NIH: Countermeasures against Chemical Threats Research Projects Grant – April 11, 2006.

The National Institutes of Health (NIH) invites applications for Countermeasures against Chemical Threats (CounterACT) Cooperative Research Projects. For complete program details, see the full announcement on the NIH Web site at <http://www.grants.gov/search/search.do?mode=VIEW&oppId=7500>. From ASPH Friday Letter #1394.

Call for Abstracts for Environmental Protection Agency's 2006 Science Forum – May 16-18, 2006

The Environmental Protection Agency's (EPA) 2006 Science Forum will be held from Tuesday May 16 – Thursday, May 18, in the Ronald Reagan Building and International Trade Center, in Washington, D.C. For more information about the EPA Science Forum, please visit the Forum Web page at: <http://www.epa.gov/ord/scienceforum>. From ASPH Friday Letter #1396.

Global Health Council, 33rd Annual International Conference on Global Health Excellence, Innovation and Influence: Pathways to Results - May 30-June 2, 2006

Omni Shoreham Hotel, Washington, D.C. Online Abstract Submission is now available at http://www.globalhealth.org/conference/view_top.php?id=520. Questions? E-mail conference@globalhealth.org

Disease Investigation through Specialized Clinically-Oriented Ventures in Environmental Research Grants Available – October 17, 2006

The National Institute of Environmental Health Sciences (NIEHS) is establishing a new centers program, titled "Disease Investigation through Specialized Clinically-Oriented Ventures in Environmental Research (DISCOVER)". For more information, visit [here](#). From ASPH Friday Letter #1397.

CDC Seeks Public Comment on Draft of Health Protection Research Guide – 2006-2015

The U.S. Centers for Disease Control and Prevention (CDC) Agency for Toxic Substances and Disease Registry seeks public comment on the draft of the CDC Health Protection Research Guide, 2006-2015. The public comment period is 60 days. Written comments must be received by close of business on January 15, 2006. Further information can be found [here](#) and the Guide can be accessed [here](#). From ASPH Friday Letter #1387.

Conference Registration Scholarships for Students - Multiple Due Dates

A limited number of scholarships are available to help students attend the Association for Community Health Improvement's (ACHI) Spring Training for Health Champions conference. Visit <http://www.communityhlth.org/> for details on the conference agenda and on all Association services, including the ACHI Community Health Newsletter and ACHI Career Center. Accepted students will be responsible for their own travel and accommodations expenses. From ASPH Friday Letter #1388.

NIH: Dissemination and Implementation Research in Health - Multiple Due Dates

This program announcement (PAR) encourages investigators to submit research grant applications that will identify, develop and refine effective and efficient methods, structures and strategies that test models to disseminate and implement research-tested health behavior change interventions and evidence-based prevention, early detection, diagnostic, treatment and quality of life improvement services into public health and clinical practice settings. For complete details visit <http://grants.nih.gov/grants/guide/pa-files/PA-06-071.html>. From ASPH Friday Letter #1387.

NIH: Planning Grants for International Malaria Clinical, Operational and Health Services Research Training Programs – Multiple Due Dates

Planning grant applications for malaria research training programs in clinical, operational and public health services for clinical, public health and social scientists and health care professionals in the countries targeted by the President's Malaria Initiative are invited. For complete details, visit [here](#). For more information about the President's Malaria Initiative, visit [here](#). From ASPH Friday Letter #1388.

NIH: Small Grants for Behavioral Research in Cancer Control - Multiple Due Dates

The Division of Cancer Control and Population Sciences of the National Cancer Institute (NCI) invites behavioral research applications in cancer control from new investigators or established scientists refocusing their research interests to behavioral research in cancer. For details visit <http://grants.nih.gov/grants/guide/pa-files/PA-06-073.html>. From ASPH Friday Letter #1387.

NIH: Health Disparities in HIV/AIDS: Focus on African Americans - Multiple Due Dates

The purpose of this Program Announcement is to encourage drug abuse and mental health research to better understand the disparities in HIV/AIDS in minority populations, particularly among African Americans, who as a group, have experienced exceptionally high rates of new HIV infections and worse survival rates than other ethnic/racial groups in this country. For details visit <http://grants.nih.gov/grants/guide/pa-files/PA-06-069.html#SectionII>. From ASPH Friday Letter #1387.

NIH: Drug Abuse as a Cause, Correlate, or Consequence of Criminal Justice Related Health Disparities among African Americans – Multiple Due Dates

The purpose of this Program Announcement is to encourage epidemiologic, prevention, treatment and services research on criminal justice related health disparities among African Americans as it relates to drug abuse and addiction. For details visit <http://grants.nih.gov/grants/guide/pa-files/PA-06-068.html>. From ASPH Friday Letter #1387.

NIH: Dissemination and Implementation Research in Health – Multiple Due Dates

This program announcement encourages investigators to submit research grant applications that will identify, develop and refine effective and efficient methods, structures and strategies that test models to disseminate and implement research-tested health behavior change interventions and evidence-based prevention, early detection, diagnostic, treatment and quality of life improvement services into public health and clinical practice settings. For complete details, visit <http://grants.nih.gov/grants/guide/pa-files/PA-06-071.html>. From ASPH Friday Letter #1388.

NIH: Small Grants for Behavioral Research in Cancer Control - Multiple Due Dates

The Division of Cancer Control and Population Sciences of the National Cancer Institute (NCI) invites behavioral research applications in cancer control from new investigators or established scientists refocusing their research interests to behavioral research in cancer. For complete details, visit <http://grants.nih.gov/grants/guide/pa-files/PAR-06-073.html>. From ASPH Friday letter #1388.

AHRQ: Small Grant Program for Conference Support - Multiple Due Dates

The Agency for Healthcare Research and Quality (AHRQ), announces its continued interest in supporting conferences through its Small Grant Program for Conference Support. For complete details, visit <http://grants.nih.gov/grants/guide/pa-files/PA-06-074.html>. From ASPH Friday Letter #1388.

CDC: NIOSH Support for Conferences and Scientific Meetings - Multiple Due Dates

The National Institute for Occupational Safety and Health (NIOSH) recognizes the value of supporting high quality scientific meetings that are relevant to its scientific mission and to the public health. Support of such meetings is contingent on the fiscal and programmatic interests and priorities of NIOSH, which are available at <http://www.cdc.gov/niosh/homepage.html>. For complete details, visit <http://grants.nih.gov/grants/guide/pa-files/PAR-06-014.html>. From ASPH Friday Letter #1388.

NIH: Exploratory Studies in Cancer Detection, Diagnosis and Prognosis – Various Due Dates

Various application due dates apply to this program with an expiration date of November 2, 2008. For further details, visit <http://grants.nih.gov/grants/guide/pa-files/PA-05-165.html>. From ASPH Friday Letter #1379.

NIH: International Research Collaboration on Drug Addiction - Various Due Dates

This Program Announcement solicits collaborative research proposals on drug abuse and addiction that take advantage of special opportunities that exist outside the United States. Special opportunities include access to unusual talent, resources, populations or environmental conditions in other countries that will speed scientific discovery. For full details visit <http://grants.nih.gov/grants/guide/pa-files/PA-06-050.html>. From ASPH Friday Letter #1385.

NIH: Non-injection Drug Abuse and HIV/AIDS - Various Due Dates

The National Institute on Drug Abuse has set aside funds to sponsor a program to encourage drug abuse research that elucidates the contribution of non-injection drug abuse to the acquisition and/or transmission and/or disease progression of HIV/AIDS. For full details visit [here](#). From ASPH Friday Letter #1385.

NIH: Research on Social Work Practice and Concepts in Health - Multiple Due Dates

The ultimate goal of this program announcement is to encourage the development of empirical research on social work practice, concepts and theory as these relate to the NIH public health goal of improving health outcomes for persons with medical and behavioral disorders and conditions. For complete details on NIH Research Project Grant (R01) applications, visit <http://grants.nih.gov/grants/guide/pa-files/PA-06-081.html>. For complete details on NIH Exploratory/Developmental Grant (R21) applications, visit <http://grants.nih.gov/grants/guide/pa-files/PA-06-083.html>. For complete details on NIH Small Grant (R03) applications, visit <http://grants.nih.gov/grants/guide/pa-files/PA-06-082.html>. From ASPH Friday Letter #1390.

NIH: Research on Pathways Linking Environments, Behaviors and HIV/AIDS – Various Due Dates

This program announcement calls for research studies on the relationships among social environments, individual behaviors and the incidence and prevalence of HIV/AIDS in populations. For full details, visit <http://grants.nih.gov/grants/guide/pa-files/PAR-06-114.html>. From ASPH Friday Letter #1393.

NIH: Improving Diet and Physical Activity Assessment – Various Due Dates

The National Cancer Institute (NCI), National Heart, Lung, and Blood Institute (NHLBI), National Institute on Aging (NIA), National Institute of Child Health and Human Development (NICHD), National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), National Institute of Mental Health (NIMH), National Institute of Nursing Research (NINR) and National Institutes of Health (NIH) Office of the Director (OD) Office of Dietary Supplements (ODS) are interested in promoting innovative research to enhance the quality of measurements of dietary intake and physical activity. For full details visit <http://grants.nih.gov/grants/guide/pa-files/PA-06-104.html>. From ASPH Friday Letter #1393.

NIDA Encouraging Research on Inhalant Abuse – Various Due Dates

For more information please visit: <http://grants.nih.gov/grants/guide/pa-files/PA-05-099.html>. From ASPH Friday Letter #1375.

Small Grant Program for Conference Support – Various Due Dates

For more information please visit: <http://grants.nih.gov/grants/guide/pa-files/PA-05-123.html>. From ASPH Friday Letter #1374.

NIH: Structural Interventions, Alcohol Use and Risk of HIV/AIDS - Various Due Dates

For more information please visit: <http://grants.nih.gov/grants/guide/pa-files/PA-05-146.html>. From ASPH Friday Letter #1372.

NIH: AIDS International Training and Research Program – Various Due Dates

For more information please visit:
http://www.asph.org/press/fridayletter/article_view.cfm?FLE_Index=2383&FL_Index=1369. From ASPH Friday Letter #1369.

NIH: Educational Programs for Population Research - Various Due Dates

For more information visit:
http://www.asph.org/press/fridayletter/article_view.cfm?FLE_Index=2358&FL_Index=1368. From ASPH Friday Letter #1368.

NIH: Diet-Induced Changes in Inflammation as Determinants of Colon Cancer – Various Due Dates

For more information visit:
http://www.asph.org/press/fridayletter/article_view.cfm?FLE_Index=2307&FL_Index=1366. From ASPH Friday Letter #1366.

NIH: Global Infectious Disease Research Training Program Award – Various Due Dates

For more information visit:
http://www.asph.org/press/fridayletter/article_view.cfm?FLE_Index=2308&FL_Index=1366. From ASPH Friday Letter #1366.

AHRQ: Small Grant Program for Conference Support - Various Due Dates

For more information visit: <http://grants.nih.gov/grants/guide/pa-files/PA-05-123.html> From ASPH Friday Letter #1365.

NIH: Research on Emergency Medical Services for Children – Various Due Dates

For full details visit <http://grants.nih.gov/grants/guide/pa-files/PA-05-081.html>. From ASPH Friday Letter #1354.

NIH: Brain Disorders Research – Various Due Dates

Information at http://www.asph.org/press/fridayletter/article_view.cfm?FLE_Index=2163&FL_Index=1361. From ASPH Friday Letter #1361.

NIH/NEI: Translational Research Program on Therapy for Visual Disorders – Various Due Dates

More Information:
http://www.asph.org/press/fridayletter/article_view.cfm?FLE_Index=2164&FL_Index=1361. From ASPH Friday Letter #1361.

NIH: Established Investigator Award in Cancer Prevention & Control - Various Due Dates

For more information visit: <http://grants.nih.gov/grants/guide/pa-files/PA-05-145.html#SectionIII>. From ASPH Friday Letter #1371.

EPA to Provide Financial Support for Conferences, Workshops, Meetings – Multiple Due Dates

The Environmental Protection Agency (EPA) has announced it will provide financial support for conferences, workshops and/or meetings in many of their areas of interest. Questions should be directed to Dr. Michael Bender at (202) 564-6829 or Bender.Michael@EPA.gov. From ASPH Friday Letter #1397.
