USF Health advocates broadening our health communication outreach efforts by providing awareness of the specialties and services offered by our USF Physicians and professional healthcare providers. Through ongoing educational community outreach, we build productive and meaningful patient and physician relations, increase our external/internal referrals through better communication, and unify our USF Health voice collectively. Please use this bulletin to forward to your community referring physicians and patients for helpful support groups, events, studies, and conferences. Visit http://health.usf.edu/doctors/index.htm and click on “View Our Locations” for maps and directions. Follow us on Facebook at https://www.facebook.com/usfhealth

**Departments**: If you have an event, support group, or conference that you want the community to be aware of, please notify Gina Rathbun, Director, Physician and Community Relations at grathbun@health.usf.edu or phone 813-974-8433.

For more information, contact Stanley Genstein 813-260-3723 or Pattie Jones 661-406-3494 or Evie Agustín Colon Legon* 813-348-9726. *Se Habla Español.

Events and Studies

- **The USF Health Byrd Alzheimer’s Institute offers free, confidential memory screenings Monday through Friday** by appointment. Qualified professionals administer memory screenings* — which consist of a series of questions and tasks— and provide educational materials about memory concerns and Alzheimer’s disease. Screenings take approximately 30 minutes and the results are not a diagnosis. Individuals with below-normal scores or who have concerns are encouraged to pursue a full medical examination. Memory screening is recommended for persons aged 65 years and older. To register, visit http://health.usf.edu/byrd or call (813) 396-0722.

  * A memory screening is not used to diagnose any particular illness and does not replace consultation with a medical provider. Screening not recommended for persons already under a physician’s care for dementia or Alzheimer’s disease.

- **Weekly – Music and Visual Art classes for Special Needs Students** sponsored by VSA Florida on **Tuesdays 5-6 PM**. Ages 12 and up welcome. Location: Land O'Lakes Recreation Center, 3032 Collier Pkwy, Land O Lakes, FL 34639. Cost: $60/6 sessions. Register at [http://vsafl.org/content/vsa-florida-programs/Classes](http://vsafl.org/content/vsa-florida-programs/Classes) or contact Wendy Finklea at (813) 974-0715.

- **Do you have Asthma and Smoke?**
  We have a study for you! Qualified participants will receive a free evaluation and will be compensated for time and travel. Call USF Asthma, Allergy and Immunology Clinical Research Unit for more information. (813) 631-4024

- **Do You Have Asthma or COPD?**
  We have a study for you! Qualified participants will receive a free evaluation and will be compensated for time and travel. Call USF Asthma, Allergy & Immunology Clinical Research Unit for more information. 813-631-4024
• **Allergic to Dust Mites?**  
  We have a study for you! Qualified participants will receive a free evaluation and will be compensated for time and travel. Call USF Asthma, Allergy & Immunology Clinical Research Unit for more information. 813-631-4024

• **Need affordable health insurance?** New coverage options coming soon! Sign up at HealthCare.gov for email and text updates and to learn about the Health Insurance Marketplace. You can get ready by contacting one of the USF Health Insurance Marketplace Navigators at 813-803-0628

• **USF Diabetes Center: Each month The Diabetes Center offers classes for Diabetes Self Management Education**, taught by Jane Norman, RD, CDE. Our classes cover blood sugar targets, high and low blood sugar symptoms and treatment, treatment tools used to achieve good diabetes control, medication review (oral and insulin), blood sugar testing, healthy eating, sick day guidelines, decreasing your risk of heart attacks and stroke, stress management, and how to set goals and succeed.

  The class is presented in two parts and can be taken in one day or on two separate days. Most insurance companies cover the cost of the class but those interested in taking the class need check with their insurance company. We also need an order from the primary care physician for insurance to cover.

  If you have questions or would like to register for classes, please call 813-396-2580, or e-mail usfdiabetescenter@health.usf.edu.

• **Are you concerned about memory loss? The USF Health Byrd Alzheimer’s Institute** is seeking participants for several clinical studies for older adults with normal memory, mild cognitive impairment or Alzheimer’s disease. These clinical studies are available to qualified participants at no cost and may include memory evaluations, new treatments, and advanced brain scans like MRIs or PET/CT scans. If you or a loved one has concerns with your memory, call (813) 396-0722 for a free memory screening or request an appointment at http://health.usf.edu/byrd/msdform (recommended for persons aged 65 years and older). To learn more about currently enrolling clinical studies at the Byrd Institute, call (813) 974-4355.

• **Are you a nursing mother concerned about pesticide exposure?** We have a study for you! Qualified participants will receive a free evaluation of possible pesticide residues in donated breast milk. Contact Marie Bourgeois at (813) 974-6633 or mbourgeo@health.usf.edu for more information.

• **Are you interested in quitting smoking (tobacco)?** Tobacco Free Florida AHEC Cessation Program is offering FREE cessation group counseling for USF employees, students, family members, and friends on the Tampa campus!
“Tools to Quit” is a one-session (2 hour) cessation program designed to provide participants with practical and effective tools to successfully quit smoking. FREE nicotine replacement products (including patches, gum or lozenges) are provided while supplies last. Our classes are held throughout Hillsborough County. Registration is required and space is limited. For more information about program dates and registration, please call 813-974-7889.

- Newly opened clinical trials:
  Please visit USF’s CenterWatch link to view more information on our currently enrolling trials-  http://www.centerwatch.com/trials/sponsor-conditions.aspx?OrderID=6004
