

**Admission Acknowledgement:** Please [click here](#) to accept or decline your admissions offer. This confirmation email allows us to confirm your admission. You are able to accept or decline your admission offer immediately; you do not have to wait to receive official notification from the Graduate School. Contact us immediately if your decision has changed in order to hold or release your seat.

### Student Health Services

Before you register, you will need to confirm that you are cleared with Student Health Services. You can go to the webpage <http://www.shs.usf.edu/> to find out all you need to release registration holds. There's a phone number on the website if you need more assistance. **You MUST contact the Student Health Service department if you have any questions, NOT the Morsani College of Medicine.**

### Financial Aid

If you haven't already done so, but are planning to apply for student loans go to <http://www.fafsa.ed.gov> for your application. **Unfortunately, we do not offer any scholarships, tuition waivers, or assistantships (TA or GA) for master's students.**

### USF Health e-mail accounts (Mandatory)

As a new USF Health student, you will need to set up a new email account. **This account is separate from the basic USF student account.** You will need this account for internal correspondence and to access the Morsani College of Medicine student facilities.

Please visit the USF Health IT department website for further instruction <http://health.usf.edu/is/get-started>.

**USF Student Card (Mandatory)** can be obtained at the USF Marshall Center. Information is online at <http://www.usf.edu/it/class-prep/usf-card.aspx>

### Parking Permits

If you are commuting to campus, you will need to obtain a student parking pass. Parking information is online at <http://www.usf.edu/administrative-services/parking/>

### Registration (Mandatory):

Once you have been accepted and have removed your immunization holds, you can register for courses through the Online Admissions Student Information Session (OASIS) at <http://usfonline.admin.usf.edu>. Once you log-in you will be given a date and time when you can register for your courses. Tuition payment is due a week before classes.

### The steps for registration:

1.) Select courses as outlined by your concentration ([http://health.usf.edu/nocms/medicine/graduatestudies/degree\\_req.html](http://health.usf.edu/nocms/medicine/graduatestudies/degree_req.html))

*If you have any questions about course selection, please contact your department advisor (see below for advisor contacts).*

2.) Find the course reference number (CRN) for each course on the Schedule of Classes (<http://www.registrar.usf.edu/ssearch/search.php>).

3.) Register for courses the online system "OASIS" <http://usfonline.admin.usf.edu>. If you experience any difficulties with your LOGIN, use the "Help" menu for contact numbers. You will not be able to register unless you have been cleared through Student Health Services.

Each semester you will register for your courses.

### Registration Restrictions

If your registration is blocked due to permit restrictions, you will need to fill out a permit request: <http://health.usf.edu/nocms/medicine/graduatestudies/permit-request.html>

### Graduate Studies Orientation for the University of South Florida

The Office of Graduate Studies will have a general orientation late August. Attendance is **NOT** mandatory but you will need to register if you plan to attend. Please call Graduate Admissions at 813-974-8800 with any questions.

**2016 MCOM Student Orientation (Mandatory):**  
**MSMS Research Concentrations—August 2017**  
**MSMS Pre-Professional Program (MSP3)—August 2017**  
**PhD Program—August 2017**

### Dates to be determined

For additional information, please view our [Accepted New Student](#) web page.
