

DERMATOLOGY & CUTANEOUS SURGERY

Welcome to the Department of Dermatology & Cutaneous Surgery!

Thank you for choosing USF for your dermatological needs. We specialize in the diagnosis and treatment of both common and rare skin disorders in patients of all ages. Certified by the American Board of Dermatology our team of physicians and physician extenders offer diversity in every area of **Dermatology and Cutaneous Surgery**.

Enclosed in this packet of information is a checklist of what to bring to your appointment, a map to our office, a new patient questionnaire including medication list, a records release to obtain records from your previous dermatologist or referring provider, and what to expect from an academic institution and the physician you will be seeing at your appointment. **It is very important that ALL the forms are completed and your records from your provider are received prior to your appointment. This will help us thoroughly address all your questions and concerns.**

We are committed to providing you with the highest quality of care and service. Please let our team know if we do not meet your expectation so that we may address your concerns promptly. We welcome any suggestions you may have on how we can improve via e-mail, by phone, or in person.

Thank you for choosing USF Dermatology and we look forward to caring for you and your family.

DERMATOLOGY & CUTANEOUS SURGERY

We are an academic institution – What does that mean?

USF Health is an academic institution where future healthcare providers are trained. Below is a description of the different types of providers you may see during your visit.

- **Attending Physician:** This practitioner has completed medical school, a residency program, and is fully licensed and board certified. The attending physician is directly responsible for your medical and surgical care and will answer questions about your diagnosis and treatment plan. For more information on our providers please visit our website www.usfdermatology.com.
- **Nurse Practitioner (NP), Physician Assistant (PA):** These physician extenders are fully licensed, advanced practice healthcare professionals trained to care for you in our clinic setting.
- **Resident:** This is a licensed medical doctor that is in training to specialize his/her career in dermatology and cutaneous surgery.
- **Fellow:** This licensed medical doctor has already completed their residency in dermatology and is now concentrating on his/her sub-specialty (e.g. Mohs Surgery, Dermatopathology).
- **Medical Student:** This student is learning how to care for patients under the direct supervision of our physicians.
