I have been notified that the following information is available on the USF Health Graduate Medical Education website (http://health.usf.edu/medicine/gme)

- Policies and procedures governing Residents and Fellows (hereinafter “Residents”), including policies on Visa status and eligibility for appointment
  - I understand that residents born male must have registered with Selective Service prior to the age of 26 in order to work at a VA hospital unless he immigrated to the United States after the age of 26.
- Resident Contract (sample)
- Current year salary and benefits information
- Resident Handbook
