Scope of Practice

UNIVERSITY OF SOUTH FLORIDA USF DEPT OF OPHTHALMOLOGY GLAUCOMA FELLOWSHIP
SCOPE OF PRACTICE
DIRECTOR OF PROGRAM: LISA GAMELL, M.D.

This document pertains to fellow rotations at Tampa General Hospital/James A. Haley Veterans Administration Hospital/USF Eye Institute/Moffitt Cancer Center. This program is part of the fellowship training program in Glaucoma at the University of South Florida. All ACGME and JCAHO guidelines pertaining to graduate medical education apply to this rotation.

In keeping with ACGME and JCAHO guidelines, the faculty and program director are responsible for providing fellows with direct experience in progressive responsibility for patient management. All patient care at TGH provided by fellows will be provided under direct or indirect faculty supervision. Supervision must be documented in the medical record in accordance with Ophthalmology residency/fellowships at the University of South Florida compliance guidelines.

Activities performed without direct supervision require access to the supervisory physician for communication and physical access within 30 minutes. Activities performed with direct supervision require presence of the supervisory physician. Residents are authorized to perform any activity assigned while under direct supervision. Final interpretation of all diagnostic and therapeutic studies requires direct supervision. Glaucoma Fellows at each postgraduate year of training, while not limited to the following activities, are specifically allowed to do these without direct supervision. This document may be modified by the program director based on additions to the training program.

PGY 5
WITHOUT Direct Supervision

Fellows Shall:

1) Do pertinent history and physical examination & develop diagnostic and therapeutic plans for:
   a. Ambulatory
   b. Hospitalized patients with unknown or newly diagnosed glaucoma problems
