Shahin Etebar, MD

The Cahill Legacy

Dear Colleague,

This program was developed to honor the memory of David W. Cahill, MD.

Dr. Cahill former professor, chairman and founder of the Department of Neurological Surgery at USF, was an internationally renowned neurosurgeon of “alarming intelligence” noted for his teaching and his innovation in spinal instrumentation.

His contributions to the field of neurosurgery are recorded in more than 100 published articles and books. Loved by his residents, respected by his colleagues, and feared by any who attempted to challenge his breadth and depth of knowledge. Dr. Cahill, who passed tragically and suddenly, will be remembered as the consummate surgeon, devoted to family and patients.

Sincerely,

Stephen Ondra, MD

Bret Abshire, MD

Shahin Etebar, MD

Program Chairmen

Stephen Ondra, MD
Northwestern University
Chicago, Illinois

Shahin Etebar, MD
Desert Spine and Neuro Institute
Rancho Mirage, California

Bret Abshire, MD
University of California
San Diego, California

Invited Distinguished Faculty

Frank LaMarca, MD
University of Michigan
Ann Arbor, Michigan

Tyler Koski, MD
Northwestern Memorial Hospital
Chicago, Illinois

Charles Kuntz, MD
Mayfield Clinic
Cincinnati, Ohio

Caple Spense, MD
Iowa Spine and Brain Institute
Waterloo, Iowa

David W. Polly, Jr., MD
University of Minnesota
Minneapolis, Minnesota

The Program

Dear Colleague,

Complexities in the Treatment of the Adult Spine course is designed and intended for the advanced spine surgeon with experience and/or interest in learning state-of-the-art techniques in the treatment of degenerative scoliosis, with emphasis on sacro-iliac fixation. The course is structured to be highly interactive and includes time in a hands-on cadaveric lab session. Our goal is to create a stimulating learning experience for faculty and participants alike, which advances their knowledge of deformity treatment for the care of their patients, trains them on new and innovative Medtronic Sofamor Danek products, and illuminates the pathway toward new and improved correction techniques.

Sincerely,

Stephen Ondra, MD,

Bret Abshire, MD,

Shahin Etebar, MD

Acknowledgements

This program is sponsored by Medtronic Sofamor Danek as training and education on Medtronic Sofamor Danek products pursuant to Section II of the AdvaMed Code of Ethics on Interactions with Health Care Professionals and Standard #7 of Medtronic's U.S. Business Conduct Standards.
