December 2, 2011

What is Florida Clinical Trials?

- Florida Clinical Trials is a clinical trial information and navigation service. Through this service patients are able to receive referrals for clinical trials as well as basic education on clinical research. Philip Marty, Ph.D. is the Principal Investigator for this project.
 - The main collaborative body, EmergingMed, is handling the overall logistics for the project.
- The Florida Clinical Trials project at USF will expand the services currently being offered by Florida Cancer Trials to include trials for all disease areas at USF.

The screenshot shows the Florida Clinical Trials website interface. At the top left is the USF Health logo. To its right is the text "Clinical Trials Matching Service For University of South Florida". On the top right is a graphic of the state of Florida with the text "Florida Clinical Trials" and a sunburst effect. Below the header is a green horizontal bar. The main content area is divided into three columns. The first column has a "MENU" button with a "Home" link. The second column is titled "SEARCH BY PHONE" and contains the text "Call Today!", the phone number "1.855.731.6034", the hours "8:30 AM - 6:00 PM (M-F)", and a call to action "Call our Clinical Trial Specialists to search for clinical trials with your telephone." with a "Se habla Español" icon. The third column is titled "SEARCH ONLINE" and contains the text "Find Matches Now!" with a "LOG IN" link. Below this are two dropdown menus: "Which trials interest you?" and "Select a diagnosis". A "SEARCH" button is located below the dropdowns. At the bottom of the search section is a link "⇒ View: Trials Offered in University of South Florida".
