ONLINE GRADUATE COURSES

To Access USF Portal: <https://my.usf.edu/webapps/portal/frameset.jsp>

Enrolled in an online course? All online courses are supported by COPH Office of Educational Technology and Assessment (ETA). The ETA office in conjunction with course instructors, prepares Course-at-a-glance documents for all online courses. The CAGs assist students in learning more about the course, its requirements, course expectations, types of assessments and important testing dates for a given semester. To access these documents, go to <http://health.usf.edu/publichealth/eta/courses.html> and click on the course of interest. Once registered, students in all online public health courses are expected to meet certain requirements to successfully participate in their courses. Failure to meet these requirements may cause problems accessing the course materials. It is the student's responsibility to ensure all requirements are met prior to the start of the semester. For a list of technology requirements, how to access your online course website, and order course materials, visit: http://health.usf.edu/publichealth/eta/students_tech_requirements.html

Applied Biostatistics, Concepts and Tools of Epidemiology, Disaster Management, Epidemiology of Infectious Diseases, Human Assistance, Infection Control, Maternal Child Health Epidemiology Public Health Generalist, Public Health Policy and Programs Marketing & Public Health

Please contact the Graduate Certificate Office at 813-974-2442 for information on tuition rates.

Enrolled in an online course? All online courses are supported by COPH Office of Educational Technology and Assessment (ETA). The ETA, in conjunction with course instructors, prepares Course-at-a-glance documents for all online courses. The CAGs assist students in learning more about a course, its requirements, course expectations, types of assessments and important testing dates for a given semester. To access these documents, visit <http://health.usf.edu/publichealth/eta/courses.html> and click on the course of interest. Once registered, students in all online public health courses are expected to meet certain requirements to successfully participate in their courses. Failure to meet these requirements may cause problems accessing course materials. It is the student's responsibility to ensure all requirements are met prior to the start of the semester. For a list of technology requirements, how to access your online course website, and order course materials, visit:

http://health.usf.edu/publichealth/eta/students_tech_requirements.html
