Guest Wireless Access

USF provides a wireless network named "USF _ Guest" which allows visitors to self-register for Internet access. Please follow these steps to complete the registration process:

- ◆ Turn on your computer and enable your wireless network card
- ◆ Select "USF _Guest" from the list of available wireless networks
- ◆ Open a web browser and go to any web i.e.; Google, yahoo). You will then be automatically directed to the registration web page.
- ◆ Please select if you would prefer to receive a SMS text message or a cell phone call with your access code.
- ◆ Enter the code you receive into the registration page and your registration is complete

Thank you for joining us

& Go Bulls!

Friday, February 20, 2015

Welcome!

Thank you for participating in our 25th annual

Research Day! that highlights the research work of our students, trainees, staff and faculty across USF Health. This is another banner year for participation with more than 330 scheduled presentations submitted by students, staff, trainees and faculty.

Please be sure to access our new application, **eventmobi** for simple access to your smart phone to view the program in it's entirety.

Please scan your mobile device to the **eventmobi** poster QR code located in the registration area

or go directly to: eventmobi.com/researchday15

Enjoy the day!

Note:

All Presenters can be viewed on our mobile application. (Please go to eventmobi.com/researchday15)
