  - **NOTE:** The Interprofessional poster template should be used by Interprofessional poster should be used when students from two or more professions, disciplines, or colleges work together on the research demonstrated by the poster (i.e. it can be a Med I student and a pharmacy graduate student listed as authors on the poster)
- **Presentation:** Posters must be printed portrait format to fit in the designate space on poster board
  - **NOTE:** Posters printed larger than the specified size (3 ft. wide x 4 ft. tall) will be disqualified and removed from display.

### Poster Printing

- Where can I print my poster? Options include, but are not limited to: USF Tampa Library, Pro Copy, USF Print Shop, Staples, FedEx, etc.
- USF Tampa Library:
  - USF students and staff can print posters at the USF Tampa Library in the first floor computer printing lab. Please see the instructions listed on the poster printers. Following these instructions, USF students and staff can select the printer “Heavy Plotter – Heavy Paper” or “Heavy Plotter – Satin” to print their posters. The cost of printing ranges from \$4-\$12 depending the type of paper. Only Bulls bucks can be used to pay for the poster printing (at the card swipe on the printer).
