

AdventHealth Orlando

Utilization of Pocket Cards

Pocket Cards

- All pieces of the PACC initiative were added in layers
- Each layer was discussed in huddle
- How to “Make it easy for staff”
- Addition of buckets for each language to our discharge stations

Pocket Cards

Patients

PATIENTS LIKE BECAUSE THEY
CAN KEEP IT IN THEIR
PURSE/WALLET

IT IS A DIFFERENT SIZE THAN
THE REST OF THE PAPERS
MAKES IT MORE NOTICEABLE

Nurses

- Nurses love that it serves most of our patient population with the 3 languages-English, Spanish and Haitian Creole
- Nurses' suggestion that the patients take a picture in case it gets lost

Use in ED

- Emily, our educator, has been teaching the ED that if they know a patient has delivered a baby and they speak limited English to ask, “Did a nurse give you a card when you were discharged from the hospital?”

Obtain the pocket cards from the toolbox using this link:
