

Scott Lucidi, MD

Associate Professor

Obstetrics and Gynecology

Reproductive Endocrinology and Infertility
Virginia Commonwealth University

Dr. Richard Scott Lucidi is an Associate Professor of Obstetrics and Gynecology at the Virginia Commonwealth University in Richmond, Virginia.

He is the Division Director of Reproductive Endocrinology and Infertility and the Medical Director of the VCU Center for Reproductive Medicine. Dr. Lucidi began his professional career as an engineer, but then transitioned to a medical career, beginning his training at the Saint Louis University in 1994. He moved to Tampa, FL and began his residency training here at the University of South Florida. He secured a fellowship in REI at the University of Texas Health Science Center in San Antonio and completed his fellowship in 2005. From there he completed his military obligation, serving as the chief of reproductive endocrinology and infertility at Tripler Medical Center in Honolulu Hawaii. He was a CREST research scholar at the National Institute of Health from 2008-2009 and eventually moved to Virginia to lead the REI Division at VCU.

Dr. Lucidi has over 20 publications, including the New England Journal of Medicine. He has won numerous teaching and research awards, and has secured over 1.3 million dollars in grant funding during his career. He is selected regularly by his peers as one of Richmond's top doctors.
