the Mo-Bull Nurse Medical Clinic.

Join us in trailblazing the future of nursing and healthcare delivery as we provide
free primary care to underserved populations throughout the Tampa Bay region!

usfhealthnursing.com

“The Mo-Bull Nurse Medical Clinic reflects our bold commitment to service, innovation, and leadership — bringing accessible care directly into neighborhoods while preparing students to lead with purpose.”

Usha Menon

Dean and Distinguished University Health Professor, USF Health College of Nursing
Senior Associate Vice President, USF Health
Associate Director, Community Outreach & Engagement, Tampa General Hospital Cancer Institute

The Mo-Bull Nurse Medical Clinic

The Mo-Bull Nurse Medical Clinic at the USF College of Nursing is a nationally recognized effort that brings free primary care and medical services directly to communities across Tampa Bay.

Unlike many mobile health clinics, the Mo-Bull Nurse Medical Clinic offers full primary care services at no cost to patients. The 38-foot-long RV functions as a state-of-the-art mobile health center, equipped with two exam rooms, a laboratory and diagnostic center and secure vaccine storage. These tools allow nurse practitioners, alongside student nurses, to treat patients in the communities where they live.
