

Florida Perinatal Quality Collaborative

Partnering to Improve Health Care Quality
for Mothers and Babies

GOLDEN HOUR PART I July 2014 Newsletter

PROJECT ANNOUNCEMENTS

- FPQC is hoping to arrange an August/September webinar focusing on several sites' experiences with this Golden Hour project. If your site is interested in presenting a particular challenge or success with the project, please contact mbalakri@health.usf.edu by Friday July 18th so that we can arrange for you to speak. Details on the date and time of the webinar will be advertised in the next several weeks.
- We recently presented our project data at the annual Ohio Perinatal Quality Collaborative (OPQC) meeting. Please see *attached* PowerPoint for our updated collaborative-wide data summary (as of 6/2014).
- Please send any materials you would like to see in the "Site specific documents" folder to mbalakri@health.usf.edu. Thank you for helping us learn from each other!

CURRENT ACTION ITEMS FOR HOSPITAL TEAMS

- ✓ Review your site's performance by reviewing your data report with the core team as well as other team members. After reviewing your data reports, discuss your site's goals for the month to determine your next change cycle.
- ✓ Consider using the *attached* PDSA worksheet (from the OPQC) to clearly identify your goals with each PDSA cycle. A PDSA tutorial (from the OPQC) is also *attached*.
- ✓ The Tennessee Initiative for Perinatal Quality Care (TIPQC) has developed short Just In Time training modules on a number of quality improvement topics (<http://tipqc.org/qi/jit/methods/the-model-for-improvement/the-pdsa-cycle/>). Each of these short informational topics can be reviewed in minutes and can help improve our knowledge base related to quality improvement. If you find yourself with a couple of minutes, consider reviewing one of these Just In Time training modules.
- ✓ Data entry deadline for June data is 7/15/14. Please use the correct prospective database link.

UPCOMING EVENTS

FPQC's Annual Neonatal Meeting
Tuesday, September 30, 2014
University of South Florida, Tampa, FL

More information will be available soon at our Events site on FPQC.org

RESOURCES

- The Florida Perinatal Quality Collaborative is offering a limited number of 12-month paid subscriptions to the IHI Open School. The IHI Open School offers a range of online courses in improvement capability, patient safety, triple aim for populations, person- and family-centered care, leadership, and quality, cost, and value. More information can be found at <http://www.ihl.org>. If interested, please e-mail fpqc@health.usf.edu to request an application.
