## Guest Wireless Access

USF provides a wireless network named "USF \_Guest" which allows visitors to self-register for Internet access. Please follow these steps to complete the registration process:

- ◆ Turn on your computer and enable your wireless network card
- ◆ Select "USF \_Guest" from the list of available wireless networks
- ◆ Open a web browser and go to any web i.e.; (Google, yahoo). You will then be automatically directed to the registration web page.
- ◆ Please select if you would prefer to receive a SMS text message or a cell phone call with your access code.
- ◆ Enter the code you receive into the registration page and your registration is complete

**Thank you for joining us.**

**Go Bulls!**

**Friday, February 19, 2016**

## Welcome!

Thank you for participating in our 26th annual Research Day! that highlights the research work of our students, trainees, staff and faculty across USF Health. This is another banner year for participation with more than 330 scheduled presentations submitted by students, staff, trainees and faculty.

Please be sure to access our new application, SCHED for digital viewing on your mobile app.

This is for simple access to your smart phone to view the program in it's entirety, Please click on this link: <https://usfresearchday2016.sched.org> .

All Presenters can be viewed on this application. Enjoy the day!
