

## OTHER PROFESSIONAL EXPERIENCE

- 1974-1975 **Medical Resident, pre-doctoral.** General Hospital. (Mexican Social Security Institute), Acapulco, Gro. Mexico.
- 1975-1976 **Medical Practitioner,** Rural Clinic. Ministry of Health. (**SSA**). Totolapan, Mor. Mexico.
- 1976-1979 **Medical Doctor in Specialization Training.** Occupational Medicine. Social Security Institute (**IMSS**), Mexico City, Mexico.
- 1979-1983 **Specialist in Occupational Medicine,** Social Security Institute (**IMSS**), Mexico City, Mexico
- 1983-1986 **Medical Sub director,** Medicine & Industrial Safety Management, Ministry of Labor (**STPS**) (National Level Representative). Mexico City, Mexico
- 1987-1988 **Specialist in Occupational Medicine,** Mexican Social Security Institute (**IMSS**), Mexico City, Mexico
- 1988-1990 **Medical Doctor in Epidemiology Field Work,** Field Epidemiology Training Program. Centers for Disease Control and Prevention (**CDC**) – Ministry of Health (**SSA**), Mexico City, Mexico
- 1990-1992 **Specialist in Occupational Medicine,** Mexican Social Security Institute (**IMSS**), Mexico City, Mexico
- 1992-1996 **Full time Ph.D. Student,** College of Public Health (**COPH**). University of South Florida (**USF**). Comprehensive exam for Ph.D. candidacy: 03/1996
- 1995-1996 **Research Assistant.** Multisite Clinical Trial. (**JAEB Center**) Dr. Roy Beck
- 1994-1996 **Guest Instructor.** College of Public Health (**COPH**), University of South Florida (**USF**). IV, V, and VI Summer Session in Intermediate Epidemiology for Latin American Epidemiologists
- 1996-1999 **Graduate Assistant,** College of Public Health (**COPH**), University of South Florida (**USF**), Tampa, FL
- 1999-1999 **Research Assistant.** Insomnia Study. (**COPH**). Dr. Skai Schwartz.

## AWARDS AND HONORS (in the USA)

- 1993-1996 Dean's List
- 1993-1994 The National Dean's List
- 1994-1995 The National Dean's List
- 1993 The Phi Kappa Phi, **Honor Society**, inducted in 1993
- 1994 Delta Omega, **Honorary Society** in Public Health, inducted in 1994.
- 1995, 1996 COPH, USF, department of Epidemiology and Biostatistics, award scholarship.
- 1996 COPH, USF alumni award scholarship
- 1996 USF. Social Marketing Committee on Hispanics." Certificado de reconocimiento".
- 1999 USF. Health Sciences Center. Research Day. Superior presentation plaque and diploma.
- 2005 Certificate of Appreciation signed by the Provost and Vice President for

- 2006 Academic Affairs (Renu Khator, PhD) USF.  
Certificate of Appreciation for being one of the COPH's Teacher of the year nominees. Nominations were made by the student body.
- 2016 Nominee for the COPH's Teacher of the year. Verbal announcement during Spring graduation.

## **RESEARCH SUPPORT AS PRINCIPAL INVESTIGATOR OR CO-INVESTIGATOR**

Dissertation project: **Psychological Effects of Captivity Among US Navy Aviators in Vietnam: A Longitudinal Study. 1974-1997.** Agreement among the College of Public Health, USF and the Naval Operational Medical Institute, Repatriated **Prisoner of War** Studies. Naval Base, Pensacola, Fl. Navy Psychology Advisor: Jeffrey Moore, PhD. Academic Advisor and Chair of the Dissertation Committee: Thomas J. Mason, PhD.(1996-1998) (Dissertation defense, December 1998. Graduation date, May 1999).

Co-Principal Investigator. Comparative Trauma Proposal (Co-Principal Investigator: Dr. Michael )(South Tampa, Nicaragua, Dominican Republic). Awarded by the Center for Disaster Management and Humanitarian Assistance, April 2000

Fieldwork phase completed personally in Nicaragua and Dominican Republic, July 2000. This phase consisted of:

Organization of the work groups.

Training of the interviewers.

Defining populations and the strategy of applying the survey.

Displacing to the communities.

Primary collection of data (500 questionnaires completed).

Final trip report, October 2000.

Data management and analysis of data, October-December 2000.

Incidence and cost of serious fall-related injuries in Veterans. Co-Principal Investigator. (Principal Investigator: Dr. Robert Campbell). Veterans administration (VA) Letter of intent (LOI) approved March 2001. Proposal sent in March 2002. Proposal re-submitted in November 2003.

Characteristics of falls among persons with Cancer. Co-Investigator (Principal Investigator: Dr. Sandra Holley). VA Approved research. Research initiated on September 2002, ending December 2004. Extension to July 2005.

Use of benzodiazepines and falls in elderly veterans. Co-Investigator. (Principal Investigator: Dr. Robert Campbell). VA-LOI submitted in March 2002 and accepted. Project in process.

Epidemiology and costs of wheelchair falls in Veterans with spinal cord injury

(SCI). Co-Investigator. (Principal Investigator: Dr. Audrey Nelson). VA Proposal submitted November 2002 and accepted October 2003. Project in process.

Correlates of spinal compression recovery in a high-risk occupation. Co-Investigator (Principal Investigator: Dr. Donna Haiduven). VA Proposal submitted November 2002. Not accepted.

Patient dignity during technology-assisted care giving tasks (TACT). Co-Investigator (Principal Investigator: Dr. Audrey Nelson). VA-LOI sent in July. Proposal submitted November 2002. Not accepted.

MIRE (Monochromatic Near-Infrared Photo Energy) Therapy Effectiveness: Reducing Diabetic Veterans' Sensory Fall Risk. Pilot clinical trial. Co-Investigator, (Principal Investigator: Dr. Tatiana Bulat). VA-LOI submitted November 2002. Not accepted.

Identification of barriers and facilitators in patients with Diabetes Mellitus. Co-Investigator (Principal Investigator: Dr. Philip Foulis). VA-LOI sent in March 2002. Not accepted after revisions.

Poor vision as a risk factor for falls in elderly veterans. Co-Investigator, (Principal Investigator: Dr. Shahbaz Ahmed). VA-LOI accepted with revisions.

Falls at the end of life. Co-Investigator. (Principal Investigator: Dr. Sandra Holley). VA-LOI accepted March 2003. Proposal submitted October 2003. Not accepted.

Epidemiology and cost of falls in patients with osteoporosis. VA-LOI accepted in March 2003. Proposal sent in October 2003. Not funded.

Osteoporosis in men, a neglected diagnosis. Co-Investigator (PI. Dr. Shahbaz Ahmed). VA Proposal submitted July 30. Awarded Nov 2004 by the Health Sciences Center Pilot Research Grant in Patient Safety that is part of one of the College of Public Health centers (Florida Health Information and Suncoast Center for Patient Safety). The project will study a VA population of men 65 years and older. The total amount of the award is \$6,275.

Cooperative agreement (NIOSH RFA on MSDs). Collaborative project with University of Puerto Rico. Risk factors related to return-to-work and secondary injury. Proposal in development for submission on July 2005.

National Children's Study. (Adjunct studies). Dr. Kathleen O'Rourke (PI). Orange County Vanguard site of the National Children's Study (NCS). Submitted in February 2005.

Federal Health Institute, US. EPA. Dr. Noreen Poor (PI). Changes in Health

Status of Hillsborough County Residents in Response to Large Reductions of SO<sub>2</sub>, NO<sub>x</sub>, and PM Emissions from Two Coal-Fired Power Plants. Submitted April 2005.

National Cancer Data System. Health disparities in Lung Cancer. Dr. Heather Stockwell PI. Dr. Sanchez-Anguiano, Co-PI February, 2007.

Integration of Geographic Information System (GIS) technology with field and laboratory approaches, in the control and prevention of dengue. PI: Dr. Azliyati Azizan. Global Health Department. Investigator epidemiologist. 2011-2013

## RESEARCH AND ADMINISTRATIVE SUPPORT NOT AFFECTING SALARY

- Associate Director. Education Coordinator, VA Patient Safety Center(2000-2004)
- Research Enhancement Award Program (REAP) on Patient Safety: Safe Mobility for Frail Elderly and Persons with Disabilities. VISN 8. Department of Veterans Affairs (VA) Tampa, FL
  - Developing of a mentoring program to train new investigators
  - Coordination of the monthly research seminar.
  - Increasing number of career development awards
  - Strengthening collaborative relationships with the University of South Florida.
- Coordinator of the Personnel Safety Committee (safety issues like fire, natural and man made disasters, etc). (2000-2004)
- Volunteering 10% time to the Patient Safety Center of Inquiry (VA) after being appointed 1 FTE at the College of Public Health. (February 25, 2005) to complete my collaboration with research projects, by the end of 2005.

## TEACHING EXPERIENCE

### Teaching Assistant (regular lectures and help sessions)

1996-1999      Biostatistics I. Professor Clifford Blair, PhD. Department of Epidemiology and Biostatistics, College of Public Health. University of South Florida.

1996-1997      Epidemiology. Professor Mark Magenheim, MD, MPH. Department of Epidemiology and Biostatistics, College of Public Health. University of South Florida.

Spring 1997      Epidemiology of Diseases of Major Public Health Importance. Professor Mark Magenheim, MD, MPH. Department of Epidemiology and Biostatistics, College of Public Health. University of South Florida.

Summer 1997      Advanced Clinical Trials. Professor Roy Beck, MD, PhD. Department of Epidemiology and Biostatistics, College of Public

Health. University of South Florida.

**Guest Instructor**

- 1994-1996 IV, V, and VI Summer Session in Intermediate Epidemiology for Latin American Epidemiologists. **In Spanish.** Professors Dr. Carlos Castillo (PAHO)/Dr. Manuel Bayona, Department of Epidemiology and Biostatistics, College of Public Health. USF.
- Fall 2005 INTERNATIONAL TEACHING: Venezuela. Universidad de Carabobo. Valencia. Curso de Epidemiologia y Salud Ocupacional.
- Fall 2005-2006 INTERNATIONAL TEACHING: El Paso, TX/Ciudad Juarez, MX. Center for Border Health Research. "Principles of Epidemiology", Public Health Surveillance.
- Fall 2007 COPH Capstone course. Review of epidemiological concepts.
- Fall 2007/Spring 2008 Co-moderator. 3 sessions (September to December) 4 sessions (January to April) in the College of Medicine course: Evidence based medicine.
- Spring 2008. COPH Capstone course. Review of epidemiological concepts.
- Fall 2008/Spring 2009. Co-moderator. 3 sessions (September to December) 4 sessions (January to April) in the College of Medicine course: Evidence based medicine.
- Fall 2008 COPH Capstone course. Review of epidemiological concepts.
- Spring 2009. Dr. Wayne Westhoff's Course. Global Health Applications in the field PHC 6934.
- Spring 2009. COPH Capstone course. Review of epidemiological concepts.
- Spring 2009. INTERNATIONAL TEACHING: Panama. Gorgas Institute. Teaching Epidemiology of Influenza.
- Summer 2009. COPH Capstone course. Review of epidemiological concepts.
- Fall 2009. -COPH Capstone course. Review of epidemiological concepts. Dr. Osman's section.  
-COPH Capstone course. Review of epidemiological concepts. Dr. Wathington's section
- Fall 2009 Dr. Wendy Nembhard's course. Reproductive and Perinatal Epidemiology. PHC 6034 "Bacterial vaginosis"

- Fall2009/Spring 2010 Co-moderator. 3 sessions (September to December); 4 sessions (January to April) in the College of Medicine course: Evidence based medicine.
- Spring 2010. -Guest lecturer. Dr. Pathak's Global Perspectives on Chronic Diseases course. Topic: Chronic Diseases of Infectious Origin.  
-COPH Capstone course. Review of epidemiological concepts. Dr. Osman's section.  
-COPH Capstone course. Review of epidemiological concepts. Dr. Wathington's section
- Summer 2010. COPH Capstone course. Review of epidemiological concepts.
- Fall 2010. -Guest lecturer. Dr. Nisbett's. Global Health IV course. Questions and Answers Session on International Field Experience .  
-COPH Capstone course. Review of epidemiological concepts. Dr. Osman's section.  
-COPH Capstone course. Review of epidemiological concepts. Dr. Wathington's section.
- Spring 2011. -Guest lecturer. Ms Oberne, MA, MPH. Stress, Health and College Life. Undergraduate program. Lecture on Yoga and stress relieving.  
-COPH Capstone course. Review of epidemiological concepts. Dr. Osman's section.  
-COPH Capstone course. Review of epidemiological concepts. Dr. Wathington's section
- Summer 2011. COPH Capstone course. Review of epidemiological concepts.
- Fall 2011. -Guest lecturer. Ms Oberne, MA, MPH. Stress, Health and College Life. Undergraduate program. Lecture on Yoga and stress relieving.  
-COPH Capstone course. Review of epidemiological concepts. Dr. Osman's section.  
-COPH Capstone course. Review of epidemiological concepts. Dr. Wathington's section.
- Spring 2012. -COPH Capstone course. Review of epidemiological concepts. Dr. Osman's section.  
-COPH Capstone course. Review of epidemiological concepts. Dr. Wathington's section.  
-Guest lecturer. Ms Oberne, MA, MPH. Stress, Health and College Life. Undergraduate program. Lecture on Yoga and stress relieving.  
-Guest Lecturer-Brandy Pollicita, MS. Careers in Public Health course. Undergraduate program. Evolution of my career in Public Health.  
-Guest lecturer- Kate Wolfe-Quintero, PhD. Seminar on

- Professional Language and Communications. Process of the International Field Experience course.
- Guest lecturer. High School Wellness/Health Career Program. Organized by USF COM. Talk about personal hygiene as it related to the spread of infectious diseases. May 5, 2012. *Cancelled.*
- Summer 2012.
- COPH Capstone course. Review of epidemiological concepts. June 5, 2012.
  - Public Health Practice Program Seminar/Capstone. Review of epidemiological concepts. June 6, 2012
- Fall 2012.
- Guest lecturer. Ms Oberne, MA, MPH. Stress, Health and College Life. Undergraduate program. Lecture on Yoga and stress relieving.
  - COPH Capstone course. Review of epidemiological concepts. Dr. Osman's section.
  - COPH Capstone course. Review of epidemiological concepts. Dr. Wathington's section.
- Spring 2013.
- COPH Capstone course. Review of epidemiological concepts. Dr. Osman's section.
  - COPH Capstone course. Review of epidemiological concepts. Dr. Wathington's section.
  - Guest lecturer. Ms Oberne, MA, MPH. Stress, Health and College Life. Undergraduate program. Lecture on Yoga and stress relieving.
- Summer 2013.
- COPH Capstone course. Review of epidemiological concepts.
  - Public Health Practice Program Seminar/Capstone. Review of epidemiological concepts.
- Fall 2013.
- Guest lecturer. Ms Oberne, MA, MPH. Stress, Health and College Life. Undergraduate program. Lecture on Yoga and stress relieving.
  - COPH Capstone course. Review of epidemiological concepts. Dr. Osman's section.
  - COPH Capstone course. Review of epidemiological concepts. Dr. Wathington's section.
- Spring 2014.
- COPH Capstone course. Review of epidemiological concepts. Dr. Osman's section.
  - COPH Capstone course. Review of epidemiological concepts. Dr. Wathington's section.
  - Guest lecturer. Ms Oberne, MA, MPH. Stress, Health and College Life. Undergraduate program. Lecture on Yoga and stress relieving.
- Summer 2014.
- COPH Capstone course. Review of epidemiological concepts.
  - Public Health Practice Program Seminar/Capstone. Review of epidemiological concepts.

- Fall 2014. -COPH Capstone course. Review of epidemiological concepts.
- Spring 2015. -COPH Capstone course. Review of epidemiological concepts.
- Summer 2015. - COPH Capstone course. Review of epidemiological concepts.
- Fall 2015. -COPH Capstone course. Review of epidemiological concepts.
- Spring 2016. -COPH Capstone course. Review of epidemiological concepts.
- Spring 2017 -COPH Careers in Public Health. Invited by Instructor JT Peek.

**Assistant Professor (2004-2012).**

**Offered courses:**

- . **Applied Epidemiology.** Usual enrollment: 10-15 students.  
Taught **1999, 2000, 2001.** (Executive Program in classroom)
- **Epidemiology of Diseases of Major Public Health Importance.**
  - Spring 2002** (Distance Learning, including **CDC students**, by satellite sessions & web-page / Executive Program in classroom). Usual enrollment: 50 students/15 students.
  - Spring 2003** in classroom (18 students).
  - Spring/Summer 2003.** In classroom (18 students) of the Executive program.
  - Spring 2004.** Completely web course, developed with the *Technology Innovations* group. Distance Learning students, including **CDC**. Also on campus students. 49 students.
  - Spring 2006.** Completely web course using Blackboard and Elluminate for synchronous presentations. Distance learning students, including CDC; also on campus students. 39 students.
  - Spring 2007.** Completely web course using Blackboard and Elluminate for synchronous presentations. Distance learning students, including CDC; also on campus students. 22 students.
  - Spring 2008.** Completely web course using Blackboard and Elluminate for synchronous presentations. Distance learning students, including CDC; also on campus students. 19 students.
  - Spring 2009.** Completely web course using Blackboard and Elluminate for synchronous presentations. Distance learning students, including CDC; also on campus students. 17 students.
  - Summer 2010.** Completely web course using Blackboard and Elluminate for synchronous presentations. Distance learning students, including CDC;

also on campus students. 28 students.

**Spring 2011.** Completely web course using Blackboard and Elluminate for synchronous presentations. Distance learning students, including CDC; also on campus students. 15 students.

- **Epidemiology of Diseases of Major Public Health Importance (Converted into UG course).**
  - **Summer 2013. On-line.** 57 students.
- **Epidemiology 6000 (Foundations in Epidemiology). College core course.**
  - Fall 2002** (Executive Program: Web-based). Usual enrollment for the Executive Format: 18 students.
  - Summer 2003.** Web based 87 students, including **CDC** students.
  - Fall 2003.** Web based. Distance Learning. 20 students.
  - Fall 2003/Spring 2004.** Web based, executive program (weekend program), 18 students.
  - Fall 2003** in classroom co-teaching with Dr. Stockwell. 72 students.
  - Summer 2004.** Web based. 40 students including **CDC** students.
  - Spring 2005** in classroom co-teaching with Dr. Stockwell. 79 students.
  - Fall 2005** in classroom and Elluminate (distance learning software) co-teaching with Dr. Stockwell and Dr. Borenstein, 125 students (82 classroom, 43 distance learners).
  - Spring 2006,** in classroom, co-teaching with Dr. Stockwell and Dr. Borenstein, 119 students.
  - Spring 2006,** executive program (weekend program), co-teaching with Dr. Stockwell, 18 students.
  - Fall 2006,** in classroom, co-teaching with Dr. Stockwell and Dr. Borenstein, 110 students.
  - Spring 2007,** in classroom, co-teaching with Dr. Stockwell and Dr. Borenstein, 82 students.
  - Fall 2007. On-line** (first time) co-teaching with Dr. Stockwell and Dr. Borenstein, 194 students.
  - Spring 2008. On-line,** co-teaching with Dr. Stockwell and Dr. Borenstein, 143 students.
  - Summer 2008. -On-line,** co-teaching with Dr. Stockwell and Dr. Borenstein, 58 students.
    - In-class.**Executive prog (weekend prog), 14 students.
  - Fall 2008, On-line,** co-teaching with Dr. Stockwell and Dr. Borenstein, 162 students.
  - Spring 2009. On-line,** co-teaching with Dr. Stockwell and Dr. Borenstein, 149 students.
  - Summer 2009. On-line,** co-teaching with Dr. Stockwell and Dr. Borenstein, 110 students.
  - Fall 2009, On-line,** co-teaching with Dr. Stockwell and Dr. Borenstein, 150 students.

**Fall 2009, In-class**, co-teaching with Dr. Stockwell and Dr. Borenstein, 62 students.

**Spring 2010.**       **-On-line**, co-teaching with Dr. Stockwell and Dr. Borenstein, 120 students.

**-In-class**; Executive program (weekend program), 8 students.

**Summer 2010. On-line**, co-teaching with Dr. Stockwell and Dr. Borenstein, 100 students.

**Fall 2010,**       **-On-line**, co-teaching with Dr. Stockwell and Dr. Borenstein, 125 students.

**-In-class**, co-teaching with Dr. Stockwell and Dr. Borenstein, 58 students.

**Spring 2011.**       **On-line**, co-teaching with Dr. Stockwell and Dr. Borenstein, 113 students.

**Summer 2011.**       **On-line**, co-teaching with Dr. Stockwell and Dr. Borenstein, 75 students.

**Fall 2011.**       **In-class.** Co-teaching with Dr. Stockwell and Dr. Borenstein, 68 students.

**Spring 2012.**       **-On-line**, co-teaching with Dr. Stockwell and Dr. Borenstein, 130 students.

**-In-class**; Executive program (weekend program), 10 students.

**Summer 2012. On-line**, co-teaching with Dr. Stockwell and Dr. Borenstein, 66 students.

#### **As Associate Professor of Epidemiology (2012-**

**Fall 2012.**       **In-class.** Co-teaching with Dr. Stockwell and Dr. Borenstein, 129 students.

**Spring 2013.**       **On-line**, co-teaching with Dr. Stockwell and Dr. Borenstein, 148 students.

**Summer 2013.**       **On-line**, co-teaching with Dr. Stockwell and Dr. Borenstein, 90 students.

**Fall 2013.**       **In-class.** Co-teaching with Dr. Borenstein, 72 students.

**Spring 2014.**       **On-line**, co-teaching w/ Dr. Borenstein, 128 students.  
**In-class.** Executive prog. (weekend prog), 13 students.

**Fall 2014.**       **On-line.** 110 students.

**Spring 2017.**       **In-class.** 8 students.

- **POPULATION ASSESSMENT I (New course that will substitute the five core courses in 4-5 years).**
  - **Fall 2014. In-class.** Co-teaching the Epidemiology topics with Dr. O'Rourke. 37 students.
  
- **POPULATION ASSESSMENT II (Second part of the new core courses).**
  - **Spring 2015. In-class.** Co-teaching the Epidemiology topics with

Dr. O'Rourke. 37 students.

- **Epidemiology methods on Infectious diseases (former Intermediate infectious disease epidemiology).**

**Summer 2004.** Half semester (Taking over Dr. Naik's class who left for a new job). **In-class.** 4 students.

**Spring 2005.** **In-class.** 10 students.

**Summer 2009.** **In-class.** Co-teaching with Dr. O'Rourke. 9 students. Preparing on-line course with Dr. O'Rourke for Spring 2012.

**Spring 2012.** **On-line,** co-teaching with Dr. O'Rourke. 10 students.

**As Associate Professor of Epidemiology (2012-**

**Spring 2013.** **On-line,** co-teaching with Dr. O'Rourke. 8 students.

**Spring 2014.** **On-line,** 14 students.

**Spring 2015.** **On-line,** 31 students.

**Spring 2016** **On-line,** 35 students

**Spring 2017`** **On-line,** 23 students

**Spring 2018** **On-line,** 24 students

- **Infectious disease epidemiology.**

**Fall 2004,** **In-class.** 14 students.

**Fall 2005,** **In-class.** 22 students.

**Fall 2006,** **On-line** with Elluminate component (synchronous software), 29 students.

**Fall 2007,** **On-line** with Elluminate component (synchronous software), 25 students.

**Fall 2008,** **On-line** with Elluminate component (synchronous software), 24 students.

**Fall 2009,** **On-line** with Elluminate component (synchronous software), 20 students.

**Spring 2010,** **On-line** with Elluminate component (synchronous software), 30 students.

**Fall 2010,** **On-line** with Elluminate component (synchronous software), 28 students.

**Fall 2011,** **On-line** with Elluminate component (synchronous software), 12 students.

**As Associate Professor of Epidemiology (2012-**

**Fall 2012,** **On-line** with Elluminate component (synchronous software), 33 students.

**Fall 2013,** **On-line** with Elluminate component (synchronous software), 38 students.

**Fall 2014,** **On-line** with Elluminate component (synchronous software),

52 students.

**Summer 2015.** Review of materials to update for the Fall semester to be taught in-class (flip course) and on-line.

**Fall 2015,** **On-line** with Elluminate component (synchronous software) 45 students.

**In-class (flip course)** . 23 students.

**Summer 2016** **On-line** with Elluminate component (synchronous software). 35 students.

**Fall 2016,** **On-line** with Elluminate component (synchronous software) 3 students (Independent studies).

**In-class (flip course).** 13 students.

**Fall 2017** **Online** with Elluminate component (synchronous software) 58 Students

**In-class (flip course)** 9 students.

- **Introduction to Epidemiology (Undergraduate Core course).**

**Spring 2014.** **On-line.** 400 students.

**Summer 2014.** **On-line.** 401 students.

**Fall 2014.** **On-line.** 403 students.

**Spring 2015.** **On-line.** 405 students.

**Summer 2015.** **On-line.** 235 students

**Fall 2015.** **On-line.** 300 students

**Spring 2016.** **On-line.** 300 students

**Summer 2016.** **On-line.** 99 students

**Fall 2016.** **On-line.** 300 students

**Spring 2017.** **On-line.** 310 students

**Summer 2017** **On-line** 132 students

**Fall 2017** **On-line** 336 students

**Spring 2018** **On-line** 467 students

- **Survey of Human Diseases (Undergraduate course).**

- **Fall 2013.** **On-line.** 100 students.

- **Cancer Epidemiology (GRADUATE)**

- **Fall 2013.** **On-line.** Co-teaching Dr. Stockwell. 35 students.

- **Epidemiology Methods II.**

- **Spring 2016.** **On-line.** Co-teaching Dr. Thompson. 23 students.

- **Methodology of Case-control studies.**

**Summer 2008**, invited to teach in Mexico, “Instituto Nacional de Salud Publica”, as part of the agreement between the two institutions.

Spanish. *Cancelled.*

**Summer 2009** INTERNATIONAL TEACHING: invited to teach in Mexico, “Instituto Nacional de Salud Publica”, as part of the agreement between the two institutions. Spanish. 16 students in class. “Curso Intermedio de Metodología de Estudios de Casos y Controles”. 30 hours/2credits.

### **International Field Experience Coordinator. (IFE Coordinator)**

Organize the IFE Orientation session **every semester** for those students planning for the field experience.

Supports the students’ efforts when organizing their IFE. Maintain contact with students, academic advisor and host supervisor to have all academic requirements fulfilled before the student leaves the country.

Also monitors that the country to be visited does not have any warning from the State Department, check that the students have USF medical insurance and repatriation, contact and medical information, visas, passports.

Reviews the IFE scholarship applications and pass them to the International Programs Dean for approval.

Keeps the records of each student and supervise their work in coordination with the Advisor and Host Supervisor during the 2 months abroad: checking arriving, changes in plan, midterm conference, review of reports, checking safe returns. Collects all the final information required for the Academic Advisor to give a grade.

Organize the IFE debriefing session every semester for students to complete the requirement of public presentation.

Coordinates all students traveling internationally for any research projects other than IFEs.

Travel as the Academic Proctor of the 2010-2011 students’ cohort to Panama for their IFE. February 7-11, 2011.

Travel as Principal presenter of an IFE poster. 13th. World Congress on Public Health. World Federation of Public Health Associations (WFPHA), in collaboration with the Ethiopian Public Health Association in Addis Ababa, Ethiopia, April 22-27, 2012. (presenting) April 26, 2012 (Poster board 452)

Travel to Malaysia in summer 2012 to re-enforce collaborations with UNIMAS and the Department of Health. Open new sites for IFE in Kuching, USM and the Penang Medical College.

### **GRADUATE STUDENTS**

#### **Major Professor and Member of Thesis and Dissertation Committees.**

- *Callyn Hall. MSPH Thesis. Defense April 2013. “An Analysis of the Association between Animal Exposures and the Development of Type 1 Diabetes in the TEDDY Cohort”. Major Professor.*

- Stephanie Kolar. **PhD Dissertation.** Defense May, 2013. “Associations of Perceived Stress, Sleep, and Human Papillomavirus in a Prospective Cohort of Men”. **Major Professor.**
- Colin J. Forsyth, **PhD Dissertation.** Defense October 2014. “Structural Processes and Local Meaning: Explanatory Models, Political Economy, and Chagas Disease in tropical Bolivia”. **Member.**
- Ximena P. Garzon-Villalba. **PhD. Dissertation.** Defense May 2016. “Assessment of Prolonged Occupational Exposure to Heat Stress”. **Major Professor.**
- Anh Thy Nguyen, BS. **MSPH Thesis.** Defense November 2016. “HIV/STIs and Intimate Partner Violence: Results from the Togo 2013-2014. Demographics and Health Surveys”. **Major Professor.**
- Ovie Utuama, MD, MPH, PhD candidate. Dissertation Concept presentation and approval. Gastric cancer risk factors. Fall 2017. **Major Professor.** (work in progress).
- Asmita Mhaskar, BHMS, MPH. PhD candidate. Pending Defense (scheduled for May 2018.). Homeopathy. Patient Satisfaction Survey. India 2017. **Member.**

Advisor, Master’s Students (MPH, MSPH) (national and international). Regular program as well as Executive program and Public Health Program (distance learning).

Advisor, PhD Students. Also International Students.

In the program:

Laike Abebe  
German Gonzalez  
Renice Obure (Dual program Epi/Anthropology)  
David Parfitt  
Venita Ramirez (DrPH student)

Preparing Dissertations:

Asmita Mhaskar  
Ovie Utuama

Academic organization and general coordination of the International Field trip (Field Experience for the Executive Program Students) to Costa Rica for Master in Public Health students. Ministry of Health of Costa Rica and the College of Public Health (COPH), USF. Spring 2000

Coordinator of Field Experience for COPH students at the Patient Safety Center of Inquiry, VA.

Coordinator of Special projects regarding infectious diseases, patient safety, occupational exposures, clinical trials, and/or osteoporosis in men.

Co-coordinator of the International Field trip (Field Experience for the Executive Program and Public Health Practice Program Students) to Panama for Master in Public Health students. USF. Spring 2010.

Major Professor on five completed master's thesis.

Current Major Professor in a master's thesis and a PhD. Dissertation in the Department of Epidemiology and Biostatistics. Member of a PhD Dissertation in Anthropology (2012-2013)

Mentor of Undergraduate Students from the Honors College Thesis. Amelia Johnson. 2009.

## **SERVICE**

### **Department of Epidemiology and Biostatistics**

- Member, Department of Epidemiology and Biostatistics Curriculum Committee
- Chair, Department of Epidemiology and Biostatistics Awards Committee.
- Member, Department Committee searching for Biostatistics Assistant Professors
- Coordinator of the International Field Experience Office. Summer 2008-2013.
- Professor responsible for writing the Epidemiology questions for the Comprehensive Examination every semester since 2004.
- Development of a new course in advanced Infectious disease epidemiology with Dr. O'Rourke. September-December 2011
- Development of a new certificate in Infectious disease epidemiology with Dr. O'Rourke. September-December 2011
- Development of the online MPH in Epidemiology with Dr. O'Rourke. September-December 2011.
- Visit to the University of Ethiopia with Drs. Stockwell and Dagne to sign an MOU for collaboration on projects and IFEs.
- Update the course Epidemiology of Disease of Major Public Health Importance. Summer-Fall 2012-Spring 2013.
- Revamping the MPH program with Drs. O'Rourke, DeBate, Wolfe-Quintero, Corvin, Stuart (2013-
- Travel to California with the Academic Coordinator, Mss Jane Lundh, to advertise the online Certificates and the online MPH in Epidemiology). California University system, three campuses. April 2014.
- Chair of the search committee for 2 Epidemiologists in the department (2014-2015)

- Chair of the search committee for 2 Social Epidemiologists for the department (2014-2015)
- Director of the Online MPH in Epidemiology (2014-
- Director of the Certificates in Epidemiology (2014-
- Yoga Instructor with Dr. Janice Zgibor- (2017-

## **College of Public Health and University of South Florida**

Graduate Certificate Director. Infectious Disease Epidemiology certificate. (2012-  
Member of the College's Educational Outcome Assessment Committee (2013-  
Chair of the College's Educational Outcome Assessment Committee(2004-2013)  
Member of the College's Steering Committee (2004-2013).

Member of the College's Students Affairs Committee.

Member of the College's Distance Learning Task Force Committee.

Member of the College's Public Health Program Admissions Committee.

Member, representative of the Department of Epidemiology and Biostatistics, to  
the College of Public Health Core Exam elaboration group.

Member of the College's Strategic plan, Workgroup 2: Academic, and Culture  
and Diversity Committee.

Member, College of Public Health Accreditation Committee

Member, College Committee searching for Chair for the Community and Family  
Health Department

Member, College Committee searching for Chair for the Occupational and  
Environmental Health Department

Member, College Committee for Global Health issues

Member, Committee searching for Full Professor, Occupational and  
Environmental Health Department

Member, Committee searching for Full Professor, Community and Family Health  
Department

Member, Committee searching for Adjunct Professor/Post doctoral, Global  
Health Department

Member, Committee searching for Adjunct and Full Professor, Epidemiology and  
Biostatistics Department

Member, Committee for Undergraduate Education

Member, USF World initiative, starting participation on September 9, 2008  
(invited by the Associate Vice President for Global Strategies and International  
Affairs and the Dean of the College of Public Health).

Member of two of the committees (Practical Skills and Culminating Experience)  
to work on the Self-Study for the Accreditation of the college with the Council on  
Education for Public Health. 2011. 2016-

Member of the advisory group for USF Health in the Arts (2012-

Member of the Undergraduate Advisory Committee (UAPCC). (2013-2016)

Member of the PHP advisory group. (2014-2016)

Member of the USF Performing Arts and Medicine Association group (2014-  
PRESIDENT of the COPH Faculty Assembly (November 2016-

**Patient Safety Center of Inquiry at the VISN 8, Veterans Administration.**

Member of Research Groups at the center (2000-2004)

Strategic Planning and Leadership  
Human resources  
Staff focus  
Process Management  
Performance and Results  
Occupational safety

Associate Director of Education. (2000-2003)

Organization of the monthly Research Professional Development Seminar  
Organization of a Joint VA/USF Conference on Health Services Research focused on the development of grant proposals by junior faculty and PhD students (November 7-8, 2002).

**Institutional Review Board. JAEB Center for Health Research.**

Member: February 2007-2015. Patient advocate and Epidemiologist.

**PUBLIC SERVICE**

**Educational Campaigns for Preventive Programs (voice/video)**

- “Super Limpio” (Super Clean) Hygiene Project for Children (voice) (Florida Educational System)
- “Pocos Hijos para darles Mas” (Few children to give them more) Project:
- Family Planning (voice) (Radio)
- Cervical Cancer Prevention (voice and video) (Moffitt Cancer Center)
- Diabetes prevention (voice) (Radio)
- Exercise promotion (voice) (Radio)
- Validating ethnic values (voice) (Radio)
- Ergonomics in Health Care: Working Smarter, Not Harder (VA System)
- USF Athletics. Instructor of Athletes. Celebration 2/21/2018

**Volunteer experience.**

The Spring of Tampa Bay Inc. Domestic Violence Center, 2001

Habitat for Humanity. Faith Partners Habitat house. Summer 2001.

Big Brothers, Big Sisters. Summer 2004.

Art in Health. Workshops. Every Spring and Fall semesters Since 2012-

Performing Arts Medical Association (PAMA-USF\_ representative from the COPH since 2014.

## PROFESSIONAL AFFILIATIONS

American Public Health Association, member since 1994

Sociedad de Especialistas en Medicina del Trabajo, since 1979.

Phi Kappa Phi, **Honor Society**, since 1993

Florida Public Health Association, since 2010

## SCIENTIFIC AND INVITED PRESENTATIONS

- Teacher’s Day. Presentation: personal professional profile. Promoted by the College of Public Health. Thomas Jefferson High School. November 14, 2001
- Epidemiology of Falls. VA employees (1 hour CE). J.A. Haley Hospital. February 2002
- Preventive medicine and epidemiology. Invited Professor (3 sessions). Occupational Medicine Residency. Environmental and Occupational Health Dep. COPH. August 2002
- Advocacy training for Preventive Medicine, Jacksonville, FL, October 16-18 2003
- The Day of the Dead in Mexico. Anthropology course. School of Arts. USF. (Professor: Dr. Deborah Rosenberg). November 6, 2003.
- Hospitalizations for injuries in the VHA: developing a VHA injury surveillance system. Poster presentation accepted for November 17, 2003 at the APHA (Board 6) in San Francisco.
- Study designs in Epidemiology. Grand Rounds Session. VA Medical Center at Bay Pines, St. Petersburg, FL January 21, 2004.
- Infectious diseases during pregnancy and perinatal time. Course on Perinatal Epidemiology. Spring 2004.
- Outbreak investigations. Training for the EIS officials in Florida. Summer 2004.
- Osteoporosis in women. Course on Epidemiologic Aspects of the health of Women. Spring 2005.
- Infectious diseases during pregnancy and perinatal time. Course on Perinatal Epidemiology. Spring 2005.
- Outbreak investigations. Basic epidemiology and biostatistics for nurses. School of Nursing. USF. Fall 2005.
- Surveillance systems seminar. As part of the series of workshops entitled “Principles of Epidemiology”. In support of the Centers of Disease Control and Prevention (CDC) certificate examination of the same name. Invited by the Center for Border Health Research (CBHR) in El Paso, TX to present the seminar to Mexican public health physicians from hospitals, clinics and the department of health in its sister city, Cd. Juarez, Chihuahua, Mex. Nov 11, 2005.
- Short course: Infectious disease epidemiology and Public Health. Taught in Spanish. University of Carabobo, Valencia, Venezuela. December 2, 2005.
- Short course: Public Health and Occupational Health. Taught in Spanish. University of Carabobo, Valencia, Venezuela. December 3, 2005.
- Bacterial vaginosis. Seminar. Taught in Spanish to Latin women of the East Tampa community, to improve birth outcomes. Closing the Gap Project Community Training Session. Hillsborough Healthy Start project. January, 2006.
- First Faculty Minority Meeting. Kellogg Foundation and the ASPH.

Representative of the College of Public Health, University of South Florida.  
Albuquerque, NM. January 2006.

- **NIOSH review session.** Invited as a reviewer of grant applications. Orlando FL. June 13-14, 2006.
- Osteoporosis in Men: A neglected diagnosis. Poster presentation accepted for Friday June 23, 2006 at the SER 2<sup>nd</sup>. North American Congress of Epidemiology (Session 3, Panel 708) in Seattle, WA.
- Surveillance systems seminar. As part of the series of workshops entitled “Principles of Epidemiology”. In support of the Centers of Disease Control and Prevention (CDC) certificate examination of the same name. Invited by the Center for Border Health Research (CBHR) in El Paso, TX to present the seminar to Mexican public health physicians from hospitals, clinics and the department of health in its sister city, Cd. Juarez, Chihuahua, Mex. Aug 11, 2006.
- **NIOSH review session.** Invited as a reviewer of grant applications. Alexandria, VA. October 10-11, 2006.
- A study of lung cancer in Florida: gender and ethnic differences, 1981-2003. Poster presentation accepted for Sunday April 13, 2008; at the 2008 AACR Annual Meeting (Special poster session; Epidemiology; Panel # 19. LB-1) in San Diego, CA
- **NIOSH review session.** Invited as a reviewer of grant applications. Alexandria, VA. October 14-15, 2008.
- **NIOSH review session.** Invited as a reviewer of grant applications. Alexandria, VA. October 12-14, 2009.
- **NIOSH review session.** Invited as a reviewer of grant applications. San Francisco, CA. June 21-23, 2010.
- Invited as an Advisory Committee for the Health Sciences of South University. October 2010.
- Invited as an Advisory Committee for the Health Sciences of South University. November 2012.
- **NIOSH review session.** Invited as a reviewer of grant applications. Atlanta, GA. March 31-April 2, 2014.
- **Invited as a speaker and instructor in the Summer Session of the University of Barcelona.** Barcelona, Spain, July 2015.
- **Abstract accepted in EDULEARN16 to make a presentation during the conference in Barcelona.** Barcelona, Spain, July 2016.
- **Presentation.** EDULEARN 16. BLOGS IN AN EPIDEMIOLOGICAL RESEARCH METHODS COURSE. 8th International Conference on Education and New Learning Technologies. **Dates:** 4-6 July, 2016. **Location:** Barcelona, Spain

## CONTINUOUS EDUCATION COURSES

- Bioterrorism for the Medical Practitioner. 6 hrs. USF. November 2001
- Anthrax. USF/CDC teleconference. 2002
- Safety. 1999, 2001, 2002 (VA mandatory)

- Infection control. 1999, 2001, 2002 (VA mandatory)
- Sexual harassment. 1999, 2001, 2002 (VA mandatory)
- Research principles for IRB approval. 1999, 2001, 2002 (VA mandatory)
- Easy to Read Consent Forms. IRB. (VA System) Nov 5, 2002
- Management of work placement violence. 2002 (VA mandatory)
- Domestic violence. 2002 (VA mandatory).
- (Information) Cyber security. 2001, 2002. (VA mandatory).
- CPR. 2001. (VA mandatory for clinicians).
- Restraints. VA System. 2002
- Patient falls. VA System. 2002
- Clinical trials. 40 hours. VA System. April 2002.
- Current topics in Epidemiology. 40 hours. VA System. June 2002.
- Spoken Italian. Fall 2002
- Information security. 2003 (VA mandatory)
- Research principles for IRB approval. 2003 (VA and USF mandatory)
- HIPAA training at VA and at USF (March 25). 2003. (VA and USF mandatory)
- Practical Issues in Epidemiology (course). COPH. Summer session. 2003.
- Principal Investigator top 10 responsibilities. IRB (VA System) July 10, 2003
- Best clinical practices. 2003 (VA mandatory)
- Transitions in Innovative Teaching: a four-part-workshop series for COPH faculty. September-November 2003
- Principal Investigator Awareness, COM/COPH. October 14, 2003.
- SAS for Public Health (Spring 2004)
- Epidemiology of Women's health. (Spring 2005)
- Infectious disease control and prevention (Spring 2005)
- Research principles for IRB approval. 2005 (VA and USF mandatory annually)
- HIPAA training at VA and at USF 2005. (VA and USF mandatory annually)
- Best clinical practices. 2005 (VA mandatory annually)
- Getting started with Elluminate Live! Workshop by C21TE and Vital. Spring 2005
- Intermediate Level Power Point. Vital workshop USF faculty and GTAs. Sp. 2005
- Occupational Safety & Health Expert 4 Part Series "Exposure Reconstruction for retrospective Epidemiology: Limitations and Promises". May 17, 2005.
- Epidemiologic Aspects of the Health of Women. COPH. USF. Spring 2005.
- Advance course in grant writing. COPH. USF. Summer 2005.
- Observational study design. COPH. USF. Fall 2005.
- Advance SAS for epidemiologist. COPH. USF. Fall 2005.
- Steps to success in Community-Based HIV/AIDS Prevention: How to Monitor and Measure Evidence-Based Intervention Effectiveness (Module 3-Building Evaluation Capacity). CDC/ASPH Institute for HIV Prevention Leadership **distance learning** program. Web-seminar. March 4, 2006.
- Database management. COPH. USF. Spring 2007.
- Negotiating at an Uneven Table: How to Increase Your Leverage and Influence. . November 7, 2007.

- Better Courses, Better Tests, and Better Students!!! February 1, 2008
- Tips to Effectively Use Your Library Resources – COPH February 15, 2008
- Responsible Conduct Research-COPH-August 25, 2010.
- 16<sup>th</sup> Annual Sloan-C International Conference. Power of Online Learning: Stimulating New Possibilities. Orlando, FL. Nov 3-5, 2010.
- Seminar. Tenure and Promotion. Dr. Martha Coulter. April 1, 2011.
- P.O.W.E.R. Writing Workshop for faculty. USF Faculty writing workshop. Pat Goodson, PHD. Texas A&M University. April 29, 2011 (9 AM- 5 PM).
- Professional development. Yoga & Healing Traditions of India. Summer, 2011.
- Research that Matters. Office of Community Engagement. March 2, 2012.
- Mosquito control conference. San Agustin, FL. March 27-29, 2012.
- NIH Application Review Strategies Webinar. Department of Epidemiology and Biostatistics. (04/06/12). Organized by the committee of Faculty Improvement.
- Seminar on Science and Society. Marshall building. Sponsored by the COPH. (04/11/12).
- Learning Management Systems Webinars (organized by ETA:
  - Canvas (04/05)
  - Blackboard (04/12)
  - Moodle (04/19)
- Breastfeeding training course. 45 hours. Accreditation for breastfeeding counseling. May 7-11,2012
- Photo Voice for Public Health Professionals. Workshop. COPH. October 8-9, 2012. Cheri Pies, MSW, DrPH.
- Faculty Workshop. Writing for Publication [Seminar on tips on publishable article writing]. Dr. Wolfe-Quintero. November 2012.
- Cultural competency seminar. COPH. November 30, 2012. Dr. Teresa Nesman.
- Canvas training (4 different workshops). December 2012-January 2013.
- Teaching Professor Workshop. “Infusing Learner-Centered Strategies into Your Course”. Magna Publications. Austin Texas, January 11-13
- Graduating from the 200 hours yoga teaching training. Yoga Alliance registration (RYT) in process. March 2013.
- Art of Attending. Workshops organized by the USF Klasko Institute and the USF Institute for Research in Art. (3 workshops: School of Art, School of Dance and USF Contemporary Art Museum). January-March 2013.
- Faculty and Students Workshop. “Avoiding Plagiarism: What do you do with all those sources?” COPH. March 20, 2013. Dr. Kate Wolfe-Quintero
- Webinar. WebEx. “Looking ahead to the Next Flu Season: vaccine Options and Messages”. CDC. April 16, 2103.
- Learner-centered education workshop. COPH. May 13, 2013. Dr. Ike Shibley. Associate Professor. Penn State University System.
- Scholarship of Teaching and Learning (SoTL). USF eTeaching & Technology Group (eTG). USF University College. May 20, 2013. Dr. Kevin Yee.
- Webinar “Just Flip It: From the Front Lines of the Flipped Classroom”. Sonic Foundry online. May 21, 2013.

- iPad Apps for College Teaching. USF eTeaching & Technology Group (eTG). USF University College. May 22, 2013. Dr. Nicole West.
- Power Point and beyond. USF eTeaching & Technology Group (eTG). USF University College. May 29, 2013. Dr. Nicole West.
- Interactive Teaching Techniques. USF eTeaching & Technology Group (eTG). USF University College. May 31, 2013. Dr. Nicole West (in place of Dr. Kevin Yee).
- Effective Lectures. USF eTeaching & Technology Group (eTG). USF University College. June 3, 2013. Dr. Kevin Yee.
- Presenting with Prezi. USF eTeaching & Technology Group (eTG). USF University College. June 5, 2013. Dr. Nicole West.
- Webinar “Distance Education, Flipped Instruction, Outreach and Training”. Video Strategy at Texas Tech. June 18, 2013. Sonic Foundry online.
- Writing Workshop. Area of Expertise. National Board of Public Health Examiners (NBPHE). Certified in Public Health (CPH). In association with Applied Measurement Professionals, Inc. June 19, 2013. Clearwater, Florida.
- To 101: How to teach online (in Canvas). (*7 online one hour lectures*). eTeaching and technology Group (eTG). USF University College. Starting July 1, 2013. Dr. Stewart.
- Targeting and enhancing student motivation. eTeaching and technology Group (eTG). USF University College. July 10, 2013. Dr. Kevin Yee.
- Canvas-Basics and best practices. eTeaching and technology Group (eTG). USF University College. July 17, 2013. Dr. Kevin Yee.
- Learning activities that work. eTeaching and technology Group (eTG). USF University College. August 2, 2013. Dr. Kevin Yee.
- Course redesign: self-starter kit. eTeaching and technology Group (eTG). USF University College. August 9, 2013. Dr. Kevin Yee.
- Undergraduate Instructor/Adjunct meeting. Review of teaching undergraduate courses (manual, policies, and techniques). COPH. August 21, 2013. Dr. Key Perrin.
- Teaching Professor Conference. Boston, MA. May 2014.
