USF Health Research Day
Top Student Poster Awards

Awards offered to eligible poster presenters of USF Health Research Day on February 22, 2019

Dr. Christopher P. Phelps Memorial Fund Annual Morsani COM Graduate Student Travel Award

- **Description:** This award recognizes neuroscience poster presentations characterized by excellence in research, clarity in presentation, and personal knowledge demonstrated in discussion with judges at USF Health Research Day.
- **Eligibility:** The poster presenter must be a USF Morsani College of Medicine senior level Ph.D. student whose research is neuroscience related. Past winners of this award are NOT eligible.
- **How to Apply:** Eligible students can self-nominate by checking the box within the Proposals submission application. Additional eligible posters are identified by judges’ review of proposal submissions.
- **Award:** $1,500

The Innovations in Medicine Award

- **Description:** This award recognizes a USF Morsani College of Medicine student poster presentation characterized by excellence in research (empirical study), clarity in presentation, and personal knowledge demonstrated in discussion with judges at USF Health Research Day.
- **Eligibility:** Past winners are NOT eligible for awards.
- **How to Apply:** Eligible students can self-nominate by checking the box within the Research Day Call-for Proposals submission form. Additional eligible posters are selected by judges’ review of proposal submissions.
- **Award:** $500

The Lisa DeSafey Jaap Memorial Award for Patient-Centered Health Care and Communications

- **Description:** This award is presented to an interdisciplinary group of USF Health students that conduct translational research in patient-centered healthcare and communication that promotes empathy and compassion towards patients and families. This award recognizes a poster presentation characterized by excellence in research, clarity in presentation, and personal knowledge demonstrated in discussion with judges at USF Health Research Day. The awarded project will receive $500 to continue the research (ideally with development of training tools) that can be shared across USF Health.
- **Eligibility:** The group of poster authors must be interdisciplinary (from two or more different colleges at USF). Past winners of this award are NOT eligible.
